VAIL RUN OWNERS—BE AWARE AND BEWARE!

Vail Run Resort has learned that so-called “transfer”, “relief”, or “rescue” companies are soliciting some of our timeshare owners to participate in their programs. The initial solicitation often comes in the form of a letter or email directing the owner to call to avoid a planned increase in maintenance fees or participate in a program that may eliminate the owner's maintenance fees altogether. When the owner calls, she or he may be invited to attend a pitch meeting (often at a local hotel or restaurant) to discuss the transfer company's “100% guaranteed” solution. The owner may be asked to pay a large upfront fee (positioned as a fee to cover title and other expenses associated with the sale). In many situations the transfer company will not commit to a date by which the timeshare will be transferred or explain what steps it will take to transfer ownership.

What do you need to know?

-*Get the offer details* (i.e. what are the fees/costs, what will the company do for those fees, what entity/person will assume ownership, is the a background check of the new owner of your timeshare, when will the timeshare be transferred out of your ownership, will you be responsible for next year's maintenance fees, etc.) and ask them to put these details in the contract. Consider consulting an attorney.

-*Be very skeptical of any upfront fees.* Ideally, you should not pay any fee before a contract is signed and your ownership has actually been transferred and accepted by Vail Run Resort.

-*Be wary* - do not assume that a particular company is reputable simply because they claim to have received industry awards or other recognition.

- Visit www.VailRunResort.com - Our website has our requirements for transferring deeds to new owners, we check backgrounds on potential owners and they must sign a purchase agreement for the property.
