To whom it may concern,

I would like to express my interest in running for a seat on the MAHA Board of Directors. I believe we are extremely fortunate to have this organization and want to be a part of its continued success.

My wife and I have been members since 2018. I have served on the MAHA Board for a few years now and would like to continue to serve. I have two children who play for MAHA. One played this season at the U10 level and another at the U12 level. They have enjoyed playing for MAHA. The coaches they have played for and the teammates they have played with keep them coming back for more.

I know we have dedicated volunteers and members who want the very best for our athletes. I would like to continue to work with MAHA's members to ensure our athletes get the opportunities they need to develop their skills and our coaching staff gets the support they deserve. I'm very proud of the success our teams saw this past season and want to see that continued success in the future.

Thank you for your time and consideration,

Jonathan Godin
