

CPHL Board Meeting Sept 23/22 (ZOOM)

Attendees: Gerald, Tracy, Ishan, Kevin L, Jacob, Kent

Missing: Sharon

Introductory remarks: Acknowledgement of the loss of Will Jones as a Board member this summer. Solicitation of someone to run for CPHL Secretary. Tracy and Ishan were asked if they would be interested. Greeted Jacob McGregor as newest Board Member.

Main Agenda: Player Selection and the involvement of player representatives in the selection of the 4 regular season teams.

Concern was raised that unelected player reps had provided ideas on the makeup of the 4 CPHL teams for the upcoming and that other players were not invited to participate in the process. Secondly that there was the appearance that 3 of the coaches had agreed to the makeup of the team and that this created pressure on the fourth coach to agree.

Kevin was going to look into the usefulness of having player reps as head of the Operations Committee. A suggestion was made that player reps could be useful during the season as a person that players could talk to instead of the coach (Gerald). Another suggestion (mine) was that perhaps if the League decides that player reps are useful, perhaps the captains could fill this role.

Player selection is the exclusive domain of the coaches. If a coach is going to propose a roster to the other coaches, perhaps the roster should be sent out to all of the other coaches at the same time (an idea that I had after the meeting).

For this year's player selection, the Coach who had the least initial input to the rosters will be given the first opportunity to propose their roster if they choose to do so.

Kent Barrett

CPHL President
