

Dear CGYBS Families:

We heard you...

Following the 2018 season, you were sent a link to our first of what will be an annual satisfaction survey, and we are pleased to announce that we received over 120 responses! While the overwhelming majority of your replies were positive, there were definitely some that brought issues to light, especially when it came to in-house league competitiveness.

The Board of Directors and our volunteer coaches make every effort to provide a fun and instructional environment for the children of our community. In 2018, through your feedback we found that there were teams across the league that had competitive advantages that others did not. Clearly, no one 'wins', and certainly no one has fun, when teams are made in such a manner that they are considered 'stacked', and we will be more cognizant of this as we put together 2019 team rosters.

In doing so, there may be instances where either friend or coach requests cannot be met so that we can make sure that the talent of our in-house players is spread evenly over the teams that are available at each age level. We have always tried to honor as many of these requests as possible and will continue to do so, but not at the detriment of fair play and competitiveness.

While the Board sets the rules and constructs the teams, you can help too! We are always looking for parent volunteers to donate some of their time as a head or assistant coach. Coaching is a very rewarding experience and is a great way to give back to the wonderful community in which we live. Please consider volunteering when you register your child for the 2019 season.

We appreciate all of you that took time to share your 2018 experiences, both positive and negative, and look forward to serving the Cary-Grove community in 2019 and beyond.

The CGYBS Board
