

COVID-19 Update (3/17/20)

As our community continues to work together to limit the spread of the coronavirus (COVID-19) we'd like to take a moment to provide you with a few GYS updates.

League drafts

Some league drafts have been completed and others will be completed soon. Due to the ban on social gatherings and HASD facility closings, drafts are being completed amongst head coaches with guidance from the league commissioner. Once teams have been established, coaches will begin communicating to their team, but there are many unknowns at this time, so please be patient.

GYS practices

In following with Hortonville Area School District guidelines, all activities associated with GYS will be suspended until at least April 6.

SCHEELS partnership event

We will be cancelling the April 4 SCHEELS partnership event. As of today, the SCHEELS partnership event on April 25 remains scheduled and will be an event for all age groups.

We ask that our families please be patient with us during this uncertain time. Board members will continue to work on planning a fun baseball and softball season for all to enjoy when we come out of this, but currently there are many unknowns. We will need to work through this day-by-day and will continue to provide updates.

During this time we encourage you to keep your kids active, go outside and play catch with them, set up a hitting station for them or just simply exercise and enjoy the outdoors with them. Please do what is right for the greater good of the community and stay healthy.

Sincerely,
GYS Board
