2026 – 2027 NCR Volleyball Distribution Plan

Overview

During the 26-27 USA Volleyball season, NCR is pleased to provide NCR eligible clubs with a new or used **Molten SuperTouch Volleyball** while supplies last. Each eligible club may receive **one (1) volleyball**, available for pickup from an NCR Staff Member at NCR-hosted events.

Club Eligibility Requirements

To receive a volleyball from NCR, the club must meet **all** of the following requirements:

- The club must be **registered and active with NCR**.
- The club must be registered in the NCR hosted event, where the volleyball will be picked up from an NCR staff member.
- The club director must be **eligible and in good standing** with NCR.
- The club must have **at least one team roster built in SportsEngine Season Management** for the current season.
- The club must meet all applicable NCR registration and participation requirements.

Eligibility will be verified by NCR prior to the volleyball being released to the club.

Volleyball Pickup

A club does not need to have the Club Director personally pick up the volleyball. The club may also choose to designate a Club Coach.

The individual picking up the volleyball should be prepared to provide the **club name** and, if requested, identification or other information confirming their affiliation with the club.

Distribution Process

To ensure an efficient pickup process:

1. NCR Staff will have a volleyball pickup location at NCR-hosted events.
2. The Club Representative will check in with NCR Staff and provide the club name.
3. NCR Staff will verify the club's eligibility.
4. Once eligibility is confirmed, the Club Representative will receive **one (1) New or Used Molten SuperTouch Volleyball**.
5. NCR Staff will record the distribution to ensure each eligible club receives only one volleyball.

Important Information

- **One volleyball per club** will be distributed for the season.
- Volleyballs are available **while supplies last** and are not guaranteed at every NCR-hosted event.
- Volleyballs must be picked up **in person at an NCR-hosted event**; NCR is not able to ship or deliver volleyballs to clubs.
- Clubs are encouraged to plan their pickup around an event they are already attending.
- If a club is not eligible at the time of pickup, the volleyball will not be released until all eligibility requirements have been satisfied.
- Once a volleyball has been distributed to a club, NCR is not responsible for lost, stolen, or damaged volleyballs.
- Clubs should confirm with NCR staff that their volleyball has been recorded as distributed before leaving the pickup area.

Questions

Clubs with questions regarding eligibility, pickup procedures, or volleyball distribution should contact the NCR Membership Staff (membership@ncrusav.org) prior to attending an event to ensure they are prepared for pickup.

Thank you for your continued partnership with NCR, and we look forward to seeing your clubs throughout the season!
