

BTS Safety Protocols:

1. Prior to Training Protocols:

- a. All in-person events are voluntary. Athletes who are unable or uncomfortable traveling or attending these workouts may still participate by joining the zoom. For more details on using zoom, please review the July Summer Program Schedule.
- b. All student-athletes and staff should practice caution and self-quarantine for 14-days if they have:
 - i. Visited locations deemed under travel advisory by NY State will complete a mandatory 14-day quarantine. To see which states are under travel advisory, please click [HERE](#)
 - ii. Tested positive or someone they have interacted with has tested positive, they will be asked to complete a 14-day quarantine from in-person Beat the Streets practices from the last date of symptoms or interaction.
- c. All student-athletes and staff will be required to have a 2020-2021 BTS Membership. Included in this membership registration form is an e-waiver stating they understand the risks of in-person training as well as agree to comply to all safety precautions and protocols prior to participation in any in-person training. To register for the 2020-2021 Membership, please click [HERE](#)

2. During Training Protocols:

- a. All student-athletes and staff will be required to wear a mask during check in, throughout practice, and clean up.
 - i. Any student-athletes and staff without a mask will be given a mask by Beat the Streets.
- b. Before practice, all student-athletes and staff members will undergo a health screening that includes an infrared thermo scanner to check temperature as well as a quick symptom questionnaire.
 - i. We ask that any student-athletes or staff that do not feel well do not travel to practice.
 - ii. Any student-athlete and staff with a temperature higher than 99.7, will be immediately sent home from the practice.
 - iii. Should any student-athlete and staff that answers yes to experiencing symptoms will be immediately sent home from practice.
- c. During workouts, student-athletes will be split into pods with staff members of 10 or less persons. These pods will be separated into various areas of the park. Pods will remain together for the course of July training to limit cross contamination amongst members. Student-athletes will be assigned a cone to complete their workout next to in order to ensure social distancing. At no point should physical contact occur either in check in, workout, or clean up post practice.
 - i. Athletes who do not follow these restrictions will be sent home from the practice.
 - ii. Should an athlete within a pod become sick, the entire pod they will complete a 14 day quarantine from in-person Beat the Streets practices before resuming again.

3. Post Training Protocols:

- a. Beat the Streets will provide Clorox wipes post training for student-athletes and staff to sanitize cones as well as use for personal use if needed.
- b. Attendance records and pod records will be submitted to Beat the Streets for accurate record keeping.
- c. Should a student-athlete or staff member become sick, they will report their sickness to Beat the Streets Program Director Emma Randall immediately. They should also seek medical treatment of their local doctor and request Covid19 testing. Test results should be reported back to BTS to ensure the safety of others.
 - i. To contact Coach Emma, you may email ERandall@btsny.org or call 937-409-2440
 - ii. Once BTS has been notified of an ill student-athlete or staff member, they will reach out to each member of their training pod to notify them of the ill pod member. This pod will complete a mandatory 14 day quarantine from BTS practices.
