

HOW TO SIZE A HOCKEY JERSEY

If you don't have the measurements needed below, you can quickly find them at home. Put on all of your upper body hockey gear and measure the locations A, B and C.

A	Chest Width	1" below the armhole
B	Jersey Length	Bottom to highest shoulder point
C	Sleeve Length	Center of neck to sleeve opening
D	Arm Opening	Typically for goalie sizes only

If your chest measurement is close or on one of the measurements listed on the sizing chart, we recommend choosing one size larger. A jersey too small can restrict your range of motion and be uncomfortable during gameplay. If you want a looser fitting jersey, go one size up as well.

Senior Sizing (in inches)

	SR SM	SR MD	SR LG	SR XL	SR XXL	SR GC
A	23	23.5	25.5	27.5	29.5	32
B	30	31	32	32.5	34	33.5
C	31	32.5	33.5	34.75	36	31
D	-	-	-	-	-	12

Junior & Intermediate Sizing (in inches)

	JR S/M	JR L/XL	INT GC
A	19	20.5	26
B	27	29	31
C	26.5	27.5	28
D	-	-	10
