Preparing Tomorrow's Leaders

A&M Consolidated High School
College Station High School

TO: COLLEGE STATION ISD PARENTS AND SUPPORTERS

In coordination with the local health officials, TEA, UIL and the Governor's office, we are able to start our athletic season under specific guidelines we will follow this season in all sports. In order to accommodate fans and comply with these guidelines, CSISD will open our facilities with 30% capacity.

This plan will focus on the health and safety of all those attending these events throughout the district. The plan allows for fans to be socially distanced in each of our facilities. The health and safety of our fans and student body is the top priority in our planning and preparation for the season. Each sport requires doing things differently this season and we are going to safely play sports.

As you know, doing this safely and smart is a shared responsibility by all involved. There will be limited capacity in each complex, therefore, we will have live streaming by NFHS in these sports: football, volleyball, soccer, basketball, baseball, and softball. You will be able to access this link for purchasing to view these contests in our home games this year.
