

## 2025 ISWA State Coaches Director Annual Report

Danny Struck – 23 year ISWA State Coach

### **STATE COACH 2025**

Education is the backbone of coaching. If we expect kids to keep learning and growing, we have to expect our coaches to learn and grow. Indiana has had more coaches study, and attend silver clinics than any other state in the country! I'd like to encourage those who attended the clinics to finish. We expect our kids to finish, let's see our coaches finish.

"For wrestlers to grow, coaches need to grow. Self-evaluate, study the game, be open-minded, and be coachable. The only thing worse than an uncoachable player is an uncoachable coach." -unknown

We will see a few more coaches become silver certified, leading the country in coaches education, as this year progresses. This proves that Indiana cleaned up on coaching awards in the central region this year.
