

Uniform Policy

All players are required to wear the official NCBA uniform for the current season during all NCBA games. Uniforms are not necessary for practice sessions. It is advised that players wear a T-shirt underneath their NCBA jersey during games.

Uniform shorts are purchased immediately following registration. The cost of the official NCBA uniform for each player is included in the registration fee.

Coaches will distribute uniforms to players before the start of NCBA games. The league will also organize an official uniform swap day for players who need a different size than what they initially ordered.

Please be aware that there is a limited supply of extra uniforms available at the swap, and it may not be possible for a player to find an appropriately sized replacement. If a suitable swap cannot be found, players will need to keep the uniform they originally ordered, as the NCBA cannot order additional uniforms for the season.
