

SNIPERS

ELITE LACROSSE

2020 Winter League Information

League Mission

Our 2020 winter league is to provide players with an opportunity to get better in the off-season. By competing in a tight space, players are challenged to improve their stick work, handle pressure, and grow their vision of the field. Our Snipers Elite Staff will be present at sessions to provide players with feedback and team coaching throughout games. All players, parents, coaches, and officials are expected to exhibit positive sportsmanship and high character behavior.

League Rules

All levels will play with free movement and self-starts. Any foul in the critical scoring area will be an indirect with one pass required prior to shooting. Halves will start with a draw and then continue with a clear from the goalie (or a field player if a team does not have a goalie). Officials will determine if the flow of the games need additional draws. The netting on the side of the field is out of bounds. There is no boundary behind the net, as the ball can play freely off the wall. 3/4 will play 3 seconds closely guarded. 5/6 will play modified checking below the shoulder. 7/8 and High School will play full checking. Depending on the skill level of the teams, we reserve the right to adapt the 5v5 format to ensure players are benefitting from game play. There is a possibility that we utilize a restraining line, play 4v4, instill a pass rule, etc.

Facility Information

Participants MUST wear turfs or sneakers, as cleats are NOT permitted. The facility is heated, therefore players should wear shorts and t-shirts with reversible on top. Free Agent players will receive a jersey for the league. Teams should wear their school/club/town jerseys. No spectators are allowed on the fields. Spectators can watch from the second story viewing area or the space next to the front desk. Make sure to look at signs prior to parking as there are some spots that are off-limits. There are multiple programs wrapping up as we begin our league, so please be respectful of others as you enter the facility, warm-up, etc.

Address

Warrior Academy
36 Midland Ave
Port Chester, NY 10573
