Coronavirus Disease 2019/20 (COVID-19) Statement Update

Hello West Yorba Linda Families,

We hope that everyone is safe and healthy. Baseball and West Yorba Linda Little League is such an important part of all our lives and to not be at the park is unimaginable. On April 30th, Little League International released a video statement from Stephen D. Keener, Little League President and CEO, cancelling the Little League World Series and Regional Tournaments for the 2020 spring season. While we are saddened by this news, we are hopeful that we will still be able to resume playing baseball at some point this spring. Little League International has stated that any decisions regarding playing this spring will be as follows:

As each state and community will have different guidance for resuming organized youth sports, Little League International strongly encourages volunteers to confirm with their local and state health officials that is safe to do so before resuming Little League activity after May 11.

Please click on the link below to watch the video and news release.

As a league, we will continue to follow the guidance and advise of our local and state officials with regards to resuming Little League Baseball at West Yorba Linda Little League. As of today, there has been no decision made by our local and/or state governments as to when West Yorba Linda Little League will resume play.

With that being said, we ask our families to answer a few questions so that we can better gauge interest as to who would want to return to playing again this spring and who would not.

Please click on the link below to take a very brief survey.

As much as we miss being at the fields and playing baseball, the safety of all our players and their families is of utmost importance.

Thank you for your patience and time. Stay safe!

Regards,

West Yorba Linda Little League
