Per the rink's request, there will be no players dressing in the lobby, please have your players use their assigned locker room or arrive to the rink already dressed in full gear!

Also, no outside food or drink is allowed at the Fuel Tank.

Skate sharpening is available at the Fuel Tank. However, due to the number of players who will be attending Celly Day, we recommend that players arrive with sharpened skates.

It is recommended that hockey skates are sharpened every 10-15 hours of ice time, for 317 Hockey League players this equates to once or twice per month. (Skate sharpening is available at the Fuel Tank, Carmel Ice Skadium and the Ice Barn!)

JR FUEL TIER II TRAVEL

As many of our families may have noticed, MyHockey Rankings are now live... With that said, we want to offer three pieces of advice for all players, parents, and coaches:

1. Hockey is not played on a computer screen- don't allow your teams to become concerned about their rankings! *Encourage them to play as hard as they can no matter what their opponent is ranked/rated!*
2. Understand that the rankings/ratings are skewed at the beginning of the season due to a lack of data. Appropriate ratings are not reflected until closer to Thanksgiving.
3. A college scholarship or NHL contract has never been awarded to a player because their team's MHR score was high; focus on development and competing as hard as possible at every game and practice.
