

# BYHA Fall Ice Schedule

BYHA will provide 5 weeks of Fall Ice before the start of Fall October Hockey from the last week of August through September. The goal is to provide low cost ice for players to prepare and develop in the pre-season without feeling the need to run to the metro or other distant areas that provide an expensive burden on our players. Players will be encouraged to play Fall sports and there will be no requirement to attend or pressure to choose this over a conflict with Fall Activities.

## Details of the Program:

- Open to all BYHA Players both boys and girls
- Mites/8U will have 14 sessions available over the five weeks for a total cost of \$50 to participate
- Squirts/10U, Peewee/12U and Bantams will have 4 days a week of skills and 3x3 sessions for five weeks for a cost of \$150
- Power Skating Sessions will be open to everyone (If numbers are too high we will possibly add another session)
- You can make as many sessions as you prefer.
- Must be registered with BYHA to participate
- This does NOT include October Hockey that is a separate registration and fee of \$75 starting September 30<sup>th</sup>.
