The Beautiful Game

Soccer is referred to as the beautiful game because it is simply just that – beautiful to watch. From the artistry of the build-up play, to the magic of the striker outwitting the defense, to the strategy of the indirect free kick, soccer is beautiful. It brings together eleven individuals into two separate units on one team, offense and defense, that functions together to win the ball and attack, or lose the ball and defend back and forth consistently for ninety minutes. Simply beauty in motion.

Soccer is also beautiful off the pitch. From our national governing body to our state level Indiana Soccer, inclusivity is not only a goal – it's our very mission. We drive inclusion through projects such as TOPSoccer, which allows special needs athletes to enjoy the game, and we also bring together players from all backgrounds, all races, all religions, all genders to participate in our Recreational, Academy, and Travel leagues. Our boardrooms are diverse, as well as our referee groups.

Soccer is here for everyone – and that is a beautiful thing.

This topic has been on my mind this week. This week alone, I saw at least six Impact players fill the role of 'Buddies' in our TOPSoccer program. Our kids are out every week refereeing games, building fields, working in the concession stand, and doing the necessary tasks to make the club run -and that's a beautiful thing!

It's easy to see why soccer is the most popular sport in the world. It seems to unite people and give anyone a place to be included and involved, right here in Hancock County, as well as all around the planet. As we wind down another year of travel soccer, I want to thank you all for sharing this beautiful game with me. Spending time on the sidelines with you and watching your children play – and watching my own play! – or spending time in the boardroom working on the next big plan, are all some of my very favorite things to do.

I hope the last few weeks of your spring season are fantastic. See you at tryouts on June 10th !

A Message from DOC Bobby Holden

It's hard to believe we are getting ready to wind down the spring season. I have enjoyed seeing our teams' successes in tournaments, cup games, and league games!

Don't forget Impact Tryouts on June 10th at Mt Vernon High School. More details will be coming soon!

Happy Mothers' Day to all of our Soccer Moms! We appreciate your dedication and help getting your players to and from trainings and games! We certainly couldn't do it without you.

Great to see our Impact boys and girls signing with colleges to further their soccer careers! Impact is very proud of you!

COLLEGE PATHWAYS CORNER

As summer approaches, so do a lot of college camps and soccer opportunities. Camps are a great way to get a feel of the program, from the coaching staff to the players to the campus environment. ID Camps are key for upcoming Juniors and Seniors to get on the coaches' radar. Freshmen and Sophomores can start as well to get their name out there, too. The goal would be to target a few schools that you are interested in attending to learn more.

Once you sign up, here are some reminders and tips to make the most out of the day:

- A few days before camp, reach out and e-mail them letting them know you are excited to come and a little bit about yourself if you haven't been in touch before.
- It's helpful to wear a jersey/shirt with your name on the back or club, or something unique for them to remember you.
- Go the extra mile during camp – help pick up things, be the first ones to step up, answer questions and engage with the team and staff. The more interest you show the more they will remember you.
- You don't need to go to every camp invitation – target the schools you are looking at, as it's great for the coaches to get to train you. The larger campus from outside organizations aren't as valuable.
- After the camp, thank the coaches, then later that day or the next, send them a note of what you took
