

2019 CIF Division III Champions

Great Oak High School Baseball Program

Eric Morton, Head Coach

32555 Deer Hollow Way

Temecula, CA 92592

Dear Business Owner and Community Supporter:

Great Oak Baseball is busily preparing for the 2020 spring season and looking forward to competing at every level.

We're proud of our players and how hard they work on every play and in every game. We are equally proud of our program's graduates who go on to play college ball and make valuable contributions to their communities.

2019 was a special year with the varsity team winning the program's first CIF Championship and the JV and freshmen teams winning league titles. Academically, the varsity team also won the Riverside County Academic Award for having the highest grade point average in Riverside County.

On behalf of these fine young men, we humbly request your support.

Our school pays for game balls. However, our program's needs include, but are not limited to: baseball equipment; uniforms; tournament entry fees and quality assistant coaches.

This is where you can help us.

We will be hosting several events such as our annual alumni game; poker tournament/dinner, dinner and auction and our signature golf tournament event taking place on April 18th at Redhawk golf course.

We are asking for the donation of gifts which can be offered during these events. Even the smallest donation would be appreciated. Over the years, businesses have donated items ranging from laptop computers and televisions for auction to free massages and gift certificates to be used as prizes and in auction baskets.

At these events, we will promote all of the businesses who donate to our cause and each business will receive recognition on our baseball website.

As always, all donations are tax deductible (tax ID# 20-1127880). Thank you in advance for your generosity and support.

Sincerely,

Eric Morton, Head Baseball Coach

Great Oak High School
