

# How To Control Scoreboards From Your Phone

1) Download the “DAK Score” app

Apple App Store

Google Play Store

2) Make sure your Bluetooth is turned **on** & open the app

3) Make sure to allow connections to nearby devices *if prompted*

4) Select the Device for the field you are on

5) App should prompt you to turn on the Scoreboard

a. If it does not, you can use the menu in the top left corner to do so

6) When game is over, be sure to **Disconnect & Turn Off Scoreboard**

a. You can do this from the menu in the top left corner

b. Failure to do so will prevent others from using scoreboard in future
