

Our 2018-19 Player Registration process is now open. Register early to save \$50. Early registration closes at midnight **Monday, September 24th**. Player Registration will increase to \$100 after that. **Second year Bantams that will be entering high school and are undecided** please be aware that when you register for our program and sign the participation agreement you are committing to our program. Please read the participation agreement carefully. We plan to have 2 large Bantam teams for the 2018-19 Season.

Registration this year will follow the same format as last year. It is a two-step on-line process: **Player Registration**, which is now open, includes registering with USA hockey as well as player and medical information and confirmation of several forms and agreements. **Team Registration** will occur after tryouts and is required before a player can be rostered on a team. We will also have one or two in house registration nights at Cornerstone for anyone who's requiring assistance. These will occur **Monday, September 10** and **Wednesday, September 19** from 6:00 to 7:30.

Some positive changes from last year we will carry over again this year--many of the forms that were otherwise distributed and collected by team managers will be completed as part of the on-line Player Registration. We will also offer the convenient on-line installment payment plan (3 payments) when you complete the Team Registration. Actual fees will be determined by level of play. The every-other week skills session will again be available for most levels of play in addition to the regular practice schedule. We anticipate having 2 teams at the Bantam Level and some additional coaching for goalies is also in the works.

There will be several opportunities for scholarships thanks to generous offers from the Austin Bush and Rob Nicholson families. Details to follow, but what a great opportunity for our skaters to benefit because of the love of the sport and gratitude of these individuals.

Looking forward to another great season! Please remember to register early.
