- **Information and registration at <https://www.sjrsharks.com/crossice>**

This year's beneficiary, the United Heroes League, wants to ensure that all 5 million military kids are able to develop critical life skills through sports. This intense focus on youth development and serving the families of our military service members motivates us to keep programs focused. Visit their website, <https://unitedheroesleague.org>, for more information on how they help military families heal, build friendships and engage in their communities through sports.
