

Minneapolis Titans and Minneapolis / Saint Paul Association Coach Opening

Minneapolis/St. Paul Starwhals hockey is looking for a high energy paid head coach for 15U B or Squirt C. We would like a coach that prioritizes developing good hockey players over winning games. Fun is preferred over winning. Winning is a bonus. We are a growing program that is easy to work with and we look forward to growing the game of hockey within the inner city.

Requirements:

- USA Hockey coach certification and registration.
- Four to six practices and/or games per week including three weekend tournaments (one tournament will be played out of town).
- Develop practice plans and collaborate with our other coaches to improve the overall coaching in the association.

Negotiable salary plus reimbursement for out-of-town tournament costs and certification fees.

If interested, please contact Cory Larson at president@minneapolistitanshockey.com
