

North Tapps Lacrosse,

Total Sports is running a Pre-season Lacrosse Clinic for players in the Region that are looking to get some work in on fundamentals before they start their Club practices. All instruction will be done by former college players and will be fast moving with fun drills for grade levels 3rd – 8th. Players must have their own lacrosse gear, cleats, a mouth guard and a mask for Covid protocol.

We will be doing Covid – 19 questions and thermal temperature checks and have contact tracing records for participants.

The clinic will be held at the Orting Lions Club Field on March 7th. It will be a 2.5 hour session from 1:00 – 3:30 pm.

The fee is \$35 and as always 10% of the proceeds will go to the Cozzi Foundation to help fight DIPG Childhood Brain Cancer. Camron Cozzi was a local boy that played lacrosse that died of DIPG - #rememberme.

Here is the link to share with your players to get registered. <https://www.totalsportsweb.com/>

Thank you for your support!

Mark Funkhouser
