This is a Learn to Skate USA approved Compete USA Series Competition.

The goal of the series is to promote a FUN, introductory, competitive experience for the beginning skater. In addition to receiving placement awards at individual competitions, season-end awards are presented to recognize skaters' achievements in the Central Minnesota Series. A traveling trophy will also be awarded to the skating club with the most skaters participating in the Series; in 2025, the traveling trophy was presented to the Diamond Edge Figure Skating Club.

This is an added skating incentive for your skaters, but your skaters may also compete in any or all of these competitions and not be required to be a part of the series. Points will be kept only for those skaters signing up to be a part of the series as indicated on their registration forms.

### **\*Interpretive Guidelines:**

1. Skaters will hear the music twice on ice; once during warm-up; and once more prior to their individual skating time.
2. Skaters will skate their program demonstrating their ability to interpret the character of the music by combining footwork, jumps, and spins. Skating movements should interpret the feeling of the music.
3. Judging will emphasize composition and style rather than technical ability. The full sheet of ice will be used.
4. Divisions are made according to the number entrants, ages, and test levels.
5. At levels where jumps are an element, no more than three jumps will be allowed.
