To Our DVHL Families and Friends:

We are very pleased to report that with the Governor's announcement today, we will begin our league season this weekend on the right foot!

All games will be played with a full roster. No more hybrid format. Spectators are permitted based on the rink's occupancy allowance.

While this is wonderful news, we would be remiss if we did not bring up the COVID-19 virus. We need to be smart. We need to be aware of all of the rules with regard to masks, social distancing, quarantining, etc. We can't go backwards nor take the chance of being shut down totally. Please help us to keep the kids on the ice!

As always – thank you! We appreciate your cooperation and support over these past couple of months and look forward to a great season! Good luck to all of our teams!
