No coached teams to display.

This is where it is tricky – you need to scroll down a bit on the next screen and click on the “Submit New Report” button:

The screenshot shows a web interface with a video player and a 'Submit New Report' button. The video player is embedded in a light gray box and contains a list of two bullet points:

- Don't put a player back in the game without clearance from a healthcare professional
- The referee will keep stopping the game unless the player is properly cleared

Below the list is a video player with a play button, a progress bar showing 12:35, and the Vimeo logo. A red circle highlights the play button and the progress bar. Below the video player is a blue button labeled 'Submit New Report'. Below the button is a section titled 'Background Check Report History' which contains a table with the following data:

Date Submitted	Response Date	Status	
8/11/2017 9:31:57 AM		Approved	View Print Card

Fill out the required information, submit it, and it goes to the state for approval.
