3. **Administration** – We believe it is our responsibility to ensure the USA/WAHA/SBLA rules are enforced. WAHA is our governing body over state associations, their boundaries and by-laws.
4. **Fiscal Responsibility** – We believe that through proper administration and fiscal management SBLA can work to keep hockey affordable for players at all levels.
5. **Training** – We believe that proper training for players, coaches and officials is imperative.

USA Hockey Zero Tolerance Policy

USA Hockey is committed to creating a safe and fair environment for all participants. Respect for the game, the opponents, coaches and officials is a critical part of the environment that is created. This Zero Tolerance Policy summarizes required actions to be taken when violations occur.

All players, coaches, officials, team officials and administrators and parents/spectators are required to maintain a sportsmanlike and educational atmosphere before, during and after all USA Hockey sanctioned games. Thus, the following points of emphasis must be implemented by all USA Hockey participants and spectators.

Players

A minor penalty for unsportsmanlike conduct (zero tolerance) shall be assessed whenever a player:

- 1) Openly disputes or argues any decision by an official.
- 2) Taunts or incites an opponent.
- 3) Visually creates a disturbance during the game.

Any time that a player persists in any of these actions, they shall be assessed a misconduct penalty. A game misconduct shall result if the player continues such action.

Coaches

A minor penalty for unsportsmanlike conduct (zero tolerance) shall be assessed whenever a coach:

- 1) Openly disputes or argues any decision by an official.
- 2) Uses obscene, profane or abusive language to anyone at any time.
- 3) Visually displays any sign of dissatisfaction with an official's decision including standing on the boards or standing in the bench doorway with the intent of inciting the officials, players or spectators.

Any time that a coach persists in any of these actions, they shall be assessed a game misconduct penalty.

In addition, any player/coach who uses language that is hateful or discriminatory in nature anywhere in the rink before, during or after the game shall be penalized under Rule 601(e.3) resulting in a match penalty. Such behavior is reprehensible and has absolutely no place in our game. The offender shall be immediately suspended until a hearing is conducted by the governing USA Hockey Affiliate or Junior League.

Officials

Officials are required to conduct themselves in a businesslike, sportsmanlike, impartial and constructive manner at all times. The actions of an official must be above reproach. Actions such as "baiting" or inciting players or coaches are strictly prohibited.

Officials are strongly encouraged to introduce themselves to the coaches prior to the game to establish a basis of mutual respect and to facilitate/define in-game communication.

Officials are ambassadors of the game and must always conduct themselves with this responsibility in mind.

Parents/Spectators

Parents are expected to be a positive role model by treating all players, coaches, officials and fellow spectators with respect and support.

The game will be stopped by game officials when parents/ spectators displaying inappropriate and disruptive behavior interfere with other spectators or the game. The game officials will identify violators to the coaches for the purpose of removing parents/ spectators from the spectator's viewing and game area. Once removed, play will resume. Lost time will not be replaced and violators may be subject to further disciplinary action by the local governing body. This inappropriate and disruptive behavior shall include:

- 1) Use of obscene, profane or abusive language to anyone at any time.
- 2) Taunting of players, coaches, officials or other spectators by means of baiting, ridiculing, threat of physical violence or physical violence.
- 3) Throwing of any object in the spectators viewing area, players bench, penalty box or on ice surface, directed in any manner as to create a safety hazard.

USA Hockey strongly recommends that each local youth hockey registered team designate a volunteer to serve as a parent/spectator monitor during all team games. This monitor will, ideally, address inappropriate spectator behavior prior to the situation escalating to the point it has an impact on the game. This designated monitor shall have the full support of the youth hockey association and the arena management to remove any spectator in violation of the Zero Tolerance Policy.

Administrators

Administrators are the key to building a positive, growing and safe USA Hockey community. Create a culture that is:

- 1) Welcoming
- 2) Protected
- 3) Respected
- 4) Connected
- 5) Valued

Administrators are responsible for enforcing the rules and policies established and approved by USA Hockey, their Affiliate, and their Association or Club. This includes taking disciplinary action, as deemed appropriate, towards any parent/spectator removed from a game as a result of a violation of the Zero Tolerance Policy.

Concussion Management Program

The Sheboygan Lakers follow the general concussion guidelines advised by USA Hockey.
[Concussion Information \(usahockey.com\)](http://usahockey.com)

The standard of care for current medical practice and the law in most states requires that any athlete with a suspected concussion is immediately removed from play.

- A concussion is a traumatic brain injury. There is no such thing as a minor brain injury.
- A player does not have to be “knocked-out” to have a concussion. Less than 10% of players actually lose consciousness.

Remember these simple steps:

1. Remove the player immediately from play (training, practice, or game).
2. If the player is unresponsive- call for help & dial 911.
3. Inform the player’s coach and parents.
4. Refer the athlete to a qualified healthcare professional.
5. Medical clearance and USA Hockey Concussion Management Return to Play Form must be filled out before returning to play.

Locker Room Policy

In addition to the development of our hockey players and enjoyment of the sport of hockey, the safety and protection of our participants is central to the Sheboygan Lakers Ice Center (SLIC) goals. The SLIC adheres to USA Hockey's SafeSport program as a means to help protect its participants from physical abuse, sexual abuse, and other types of misconduct including emotional abuse, bullying. SLIC has adopted the following locker room policy. This policy is designed to maintain personal privacy as well as to reduce the risk of misconduct in locker rooms.

At the SLIC there are six (6) locker rooms available for youth hockey. We have 4 team and 2 female locker rooms. Some teams in our program may also occasionally or regularly travel to play games at other arenas and those locker rooms, rest rooms, and shower facilities will vary from location to location. Parents will need to plan accordingly to have extra time and some flexibility in making arrangements for their child to dress, undress, and shower if desired.

Locker Room Monitoring

SLIC has scheduled and limited use of locker rooms. This allows for direct and regular monitoring of locker room areas. While constant monitoring inside of locker rooms and changing areas might be the most effective way to prevent problems, we understand that this would likely make some players uncomfortable and may even place our staff at risk for unwarranted suspicion. Any certified safe sport adult can get the key for the locker room. One Safe Sport Certified adult is needed in the locker room at all times when children are present.

Locker room keys will be in the concession stand for games, or the main office for practice. The certified safe sport person who has the key for the locker room will exchange his or her car keys for the locker room key. He or she is responsible for ensuring there are at least 1 SafeSport certified adult in the locker room whenever there are players present. Only participants (coaches and players), approved team personnel and family members are permitted in the locker room. Team personnel will also secure the locker room appropriately during times when the team is on the ice. After completion of practice or game, the safe sport certified adults will make sure all players have left the locker room, as well as ensure the locker room is clean and orderly. Once completed, the safe sport certified adults will return the locker room key and be given his or her keys back. If the safe sport certified person does not have his or her own car keys, a driver's license or other valuable item can be held in its place.

Mixed Gender Teams

Some of our teams consist of both male and female players. It is important that the privacy rights of all of our players are given consideration and appropriate arrangements made. SLIC will have the male and female players dress/undress in separate locker rooms and then convene in a single locker room before a game or practice. Once the game or practice is finished, the players may come to one locker room for a team meeting and then the male and female players proceed to their separate locker rooms to undress and shower, if available. We understand that these arrangements may require that players arrive earlier or leave later to dress, but SLIC believes that this is the most reasonable way to accommodate and respect all of our players. SLIC safe sport policies are applied to both gender locker rooms.

Cell Phones and Other Mobile Recording Devices

The photographic or recording capabilities of any device cannot be used by any participant in locker rooms or changing areas during in program activities. If phones or other mobile devices must be used, they should be taken outside of the locker room. Cell phones and mobile devices are permitted by coaches and parents.

Prohibited Conduct and Reporting

SLIC prohibits all types of physical abuse, sexual abuse, emotional abuse, bullying, threats, harassment, and hazing as described in the USA Hockey SafeSport Handbook. Participants, employees, or volunteers of the SLIC may be subject to disciplinary action for violation of these locker room policies or for engaging in any misconduct or abuse or that violates the USA Hockey SafeSport policies.

You may email/call USA Hockey at [Report a Concern | U.S. Center for SafeSport \(uscenterforsafesport.org\)](#)

HOW TO REPORT

Report here if you have experienced abuse or misconduct—or if you have reasonable suspicion of abuse or misconduct inflicted on, or by, someone in the U.S. Olympic and Paralympic Movement.

Or dial 1-833-587-7233 or contact the SBLA Safety Officer to report any suspected violations.

All policies in this manual have been created in the best interest of the SLIC, its members, and users. Policies may be changed by the SLIC to better suit the SLIC's current or future needs.

Play Up Policies & Procedures

While rare, SBLA recognizes there may be circumstances that would suggest a player to play in an age division above his/her USA Hockey classification. The goal of SBLA is to keep players of the same age, skill, physical, and emotional maturity together and to protect the integrity of each age division within SBLA.

YHC reserves the right to disallow any movement based on skill, safety, ability, or the overall impact to the organization, including the number of players on each team at each age division. Skill, safety, and ability will be based on tryout evaluations. Players wishing to “play up” above their typical USA Hockey age level must participate in their own level tryouts and the age level they wish to play in. The following policy outlines the conditions and mechanism by which a SBLA player may play up to a higher age bracket than that associated with his or her USA Hockey specified age division.

All Play Up requests for an upcoming season must be submitted to the Director of Hockey no later than 2 weeks prior to the start of try-outs. The Director of Hockey will review the request with the appropriate Age Level Directors, YHC, and the players previous coach.

Play Up Request Process

Step 1: Requesting players' parents must discuss their intent for their skater to “Play Up” with the player's last head coach from the previous season. The parent(s) and last coach must be in agreement that the move is in the player's best interest.

Step 2: The requesting players parents must submit in writing;

- Their reasons for the request,
- What they expect to gain from playing up,
- Acknowledge that playing up is in the best interest of the player, taking into account intellectual maturity in a locker room setting.
- Acknowledge the possibility of an increased risk of injury.

Step 3: The player will be eligible for consideration if ALL the following conditions are met;

- The player is within 1 year of advancing to that level.
- The player is properly registered with SBLA
- Player development for both levels would not be adversely affected.
- Movement of the player will not adversely affect team/player ratio in either division.

Step 4: The YHC will review the necessary documentation and verify the requirements of Step 3 have been met and ensure that there will not be any adverse effects at either age level in regard to player/team ratios, player development, or any other team related items.

Step 5:

- The player must participate in the tryout evaluation for their own level and the higher division.
- The player must rank in the top 20% of the A level team.
- The player cannot be a coaches' pick to make the higher level “A” team.
- The player can be removed from the team by a coaches pick. (will go back to other age level)

Final determination for allowing the player to “play up” an age level will be made by YHC after tryouts have been completed. YHC will notify the player's parent/guardian within 24 hours after the completion of tryouts.

8U to 10U Play Up Request Process

The SBLA will follow WAHA policies and procedures as laid out in their annual handbook for determination of playing up from an 8U to 10U level.

“8U aged players wishing to move up and participate at the 10U level must complete the 8U Move-up Request Form found on the WAHA website. The form must be submitted to the WAHA 8U Section Director by November 15 of the current playing season.

The USA Hockey American Development Model (ADM) supports small teams at the 10U level. Under certain circumstances, Associations may move players from 8U to 10U with the approval of Regional Directors and the 8U Section Director.

CRITERIA:

1. The association needs skaters to fill a 14-player 10U roster to make a first, second or third team.
2. A need for a goalie at 10U to be filled by an 8U goalie.
3. Other needs identified by the Association (such as by a head coach).

NOTES:

Per WAHA eligibility and general rules, 50% of players on an approved roster must be the age of the registered team.

No 7-year-old (i.e., two birth years under 10U) will be approved to play up to 10U. Players moving up under Category #1 must be placed on the lowest level team the Association offers at the 10U level (if you have a 1c1 and a 1c2, they must be placed on the 1c2 team).

For Associations that wish to allow an exceptionally talented player to skate at the 10U level, the player must be ranked in the top 1/3 of the players on the top-level team. Associations must provide proof to Region Directors and the 8U Section Director that the player did, in fact, rank in the top 1/3 of the skaters on the top-level team following teams evaluation tryouts.

8U Girls wanting to play on a 10U Girls team.

WAHA Region Directors and the 8U Section Director make all final approval decisions for all skaters playing up from 8U to 10U.”

Dual rostering to supplement a team due to sickness, injuries & absence

Players may be ‘dual rostered’ at the coach’s request and at the discretion of YHC to provide for back-up players and create flexibility during the season to account for sickness and injuries.

This assures the team will be eligible for state playdowns. All WAHA guidelines must be met. A player does not incur any additional financial burden by being dual rostered.

To qualify and be eligible for state play downs, a dual rostered player must play a minimum of 5 games in the regular season before play downs. If a player plays more than 5 games, it must only be to take the spot of a player that cannot play due to sickness/injury/absence. Players cannot exceed more than 3 games in one day.

The Age-Appropriate Director, head coaches and Director of Hockey must be notified and approve each case via email correspondence.

Players are expected to only practice with their primary team. Exceptions can be made for exceptional circumstances and must have the designated coach’s permission. An example would be to allow practice before a weekend game. A “designated team” means the team YHC has placed the player on.

In order to play up with your non primary team for the start tournament the following criteria needs to be met.

CRITERIA:

1. Primary team not in State
2. Both coaches must agree
3. Cannot leave primary team less than 10 skaters
4. Not to take the place of higher level players. To be used only in relief of injuries/tiredness and penalties.

Player Evaluation & Team Placement

"Our mission is to grow the whole child, educational, physical, mental, emotional, and social. Because hockey teaches life skills, our coaches will evaluate not only on-ice ability but also how each skater listens, responds to coaching, treats others, and carries themselves."

Player Evaluations

Evaluations occur during tryouts for the purpose of team selection.

Objectives of Player Evaluations

- To provide a fair and impartial assessment of a player's total hockey skills during the skating and scrimmage sessions.
- To ensure that players have a reasonable opportunity of being selected to a team appropriate to their skill level as determined during the on-ice evaluations of the current year.
- To provide uniformity and consistency in the evaluation process, such that player and parent expectations are consistent from year to year as players move through the various levels of the association.
- To provide feedback in order to develop players.

****IMPORTANT INFO FOR BANTAM ELIGIBLE HIGH SCHOOL AGE PLAYERS****

To ensure proper placement of all youth hockey eligible players, all Bantam eligible players (including those of high school age) are highly encouraged to attend all tryout sessions. Players are asked to declare intent during the tryout process (either planning to play HS or are planning to remain Bantam). This requirement is for the benefit of the player as well as the association, as this allows the player to try out and be placed on the appropriate team and allows the association to appropriately plan team size.

If a player chooses not to attend tryouts and later decides to play at the Bantam level, they will be placed on the lowest level team in accordance with the tryout guidelines.

Who will do the evaluations?

There are 3 key groups involved in the evaluations:

- On-ice instructors to take players through the session.
- Off-ice evaluators who will evaluate every player on the ice during the time allotted.
- The head coach of the team who makes the decision on the final player selections.
- YHC who will be responsible for tracking evaluations, contacting parents and players, and ensuring adherence to the process.

What should my player wear to the evaluation?

Full equipment is always mandatory. This includes:

- Protective cup, shin pads, hockey pants, shoulder pads, elbow pads, skates, hockey gloves, hockey stick, and helmet with full face shield. Mouth guards are required.
- Players will be assigned a piney upon their arrival at the rink. The evaluators will only know the player's piney number. They WILL NOT know the player's identity.

What is the Tryout process?

Attending tryouts is mandatory to be eligible for a Laker's team. If your child doesn't attend the required tryouts, they will be placed on the appropriate team deemed by the YHC.

All players interested in trying out for the "A" team must attend the first 2 nights Tuesday September 23rd, 2025, and Thursday September 25th, 2025, of evaluations.

Then the top players will be invited to the "A" tryout Sunday September 28th, 2025.

If your skater isn't chosen for the "A" team tryout, they will not skate on September 28th, 2025, and they will need to attend the "B" tryout Tuesday September 30th, 2025.

Any female skaters wishing to cross-roster must attend the first 2 nights of tryouts. Selections for the "A" tryout will be made, and those female skater(s) must attend the "A" tryout, or they'll attend the "B" tryout.

Tryouts will be a combination of drills and scrimmages to evaluate each skater's skill level and hockey sense in game-like situations. They will also be evaluated on listening, coachability and overall attitude.

Tryout evaluators are made up of West Bend Power Players (Independent Evaluators) and Lakers coaches.

What Tryouts do Goalkeepers need to attend?

Any player interested in trying out specifically as a goalie must attend both the regular age level tryouts and the goalie specific tryout. The goalie specific tryouts are held on a different night than the regular tryouts and a goalie expert is brought in to evaluate.

The goalie tryout will be on Wednesday September 24th, 2025, and the time will be communicated to all goalies prior to the week of tryouts.

What happens after the evaluation sessions?

Upon the completion of evaluations, players will be contacted by the head coach of their designated team. The coach will outline:

- Practice schedule
- Game schedule
- Introduction of other coaches
- Setting of first meeting with parents and players

What is the Team Selection Process?

Overall, the goal is to place players on teams where they can succeed and have fun. Our process is designed to create teams that match appropriate skill level with anticipated level of competition.

There is a great deal of data, time, and effort that goes into the coordination and selection of Lakers teams. Information from fall tryouts, West Bend Power Players, Laker's coaching staff

evaluations, and coach evaluations from the previous seasons are consolidated and presented at the Evaluation Meetings for each age level and gender.

The purpose of the player evaluation meeting is to have all YHC members and the potential Lakers coaching staff discuss the players and placement. The independent evaluators tryout data, in combination with the coach's feedback and evaluations, are compiled and brought forth to the Laker's Youth Hockey Committee for review, determination and finalization of the Lakers rosters.

The team selection committee will consist of the Laker's Youth Hockey Committee. Committee members who have a skater within an age group will not be allowed to participate in finalization of team selection for that age group. For example, if a committee member has a skater at the 10U level, they will not participate in 10U discussion, only 12U and 14U. Coaching staff will not be allowed to evaluate their own skater.

Please note that Coaches for all teams are NOT selected until rosters are set. Teams for the 25/26 season will be announced once the YHC Committee has concluded the selection process. Notification will be sent via email to your Laker's family email account.

What happens if I cannot make it to tryouts?

A waiver may be granted to a player missing the tryout period for a YHC approved reason. These may include injury, illness, or unavoidable personal conflict. To qualify for this waiver, the player or player's family must contact YHC in writing prior to tryouts. This contact must be an email sent to the Director Hockey (Rob Sandrone: sandronefam@yahoo.com) and Youth Hockey Chairman (John Taber: ottis53@yahoo.com). After contacting YHC, the player/family will be notified of the YHC decision within 48 hours whether or not they qualify for the tryout waiver.

If the player misses one of the Tuesday or Thursday tryouts, the player can make-up but must attend the Saturday A/B tryouts. If those sessions are missed, then the player will be placed on the lowest level team for that age division.

In the event a player is approved for this waiver or transfers to the association after the tryout period, the player will be placed on the lowest-level, age-appropriate team. Within 2 weeks of the player's return, the age specific Director, Director of Hockey and all head coaches at the player's age level will agree to a performance evaluation for the player. The evaluation will consist of the performance in age level practices as well as game play. That group will notify the YHC of the final placement of that player. The placement of this player will not be allowed to cause a player to be 'moved down' a level, The coach of the team the player is placed on must accept the new total number of players on their team.

In the event that a player is injured during the tryout process and is unable to complete 2 full sessions of the tryout, the above policy will also apply. YHC requires the injured player to provide written documentation from their doctor confirming the injury and subsequent inability to participate during the tryout period to qualify for the above waiver. If a player is injured after completing 2 full tryout sessions, those sessions will be used to score and place the player as per normal tryout procedure.

In the event a player becomes injured for the season, moves, or quits which leave the team shorthanded. Head coaches, age specific director and Director of Hockey will present recommendations to the YHC. There are many variables in this situation to be considered and each case will be handled on a case-by-case scenario. Recommendations will be voted on by the YHC.

How are the players notified of their standing within the process?

Final teams will be posted on the Sheboygan Lakers' website as the first method of communication. After tryouts, players and parents will be contacted by the head coach of their designated team.

What happens after the evaluation sessions?

Upon the completion of evaluations, players will be contacted by the head coach of their designated team. The coach will outline:

- Practice schedule
- Game schedule
- Introduction of other coaches
- Setting of first meeting with parents and players

What are the Player and Family Expectations for the season?

It is expected if you COMMIT to a Lakers team that you will actively participate. While we understand that hockey will not be a child's only activity, it is expected that a player selected to a Lakers team will make a commitment to that team for both practices and games.

While conflicts with other sports are sometimes unavoidable, especially in the early fall, we ask that your child place a priority on his/her Laker's hockey games (practice conflicts should be shared 50/50 with other sports practices).

Minor Officials Responsibilities

Scorers, Clock Operator, Penalty Box Worker

A Minor Official is responsible for being an impartial participant in providing a good game playing experience. The Minor Official should perform their duties to the best of their abilities. Parents are expected to volunteer and share in the workload by sharing the responsibilities with all families on the team.

- Clock operators should ensure time keeping is accurate.
- Scorer should ensure the score sheet is maintained with all information given by Officials.
- Penalty box should ensure the door is opened at the appropriate time for any skater to enter or exit appropriately.
- All should follow Officials' directions.
- All should provide Officials with unbiased and truthful information when asked.

Minor Officials Rights

Grievances

Grievance Policy and Procedure After Tryouts

Please keep an open mind and maintain some perspective throughout the process. There will not be a grievance night moving forward. If you have any questions or concerns, we ask you to follow the 24-hour rule before you reach out to your YHC Chairpersons via email with your comments or concerns.

Emails can be sent to Director Hockey (Rob Sandroner: sandronefam@yahoo.com) and Youth Hockey Co-Chairs (John Taber: ottis53@yahoo.com and Mike Thun: mikethun@yahoo.com)

Regular Season Grievance Policy and Procedure

The Sheboygan Blue Line Association provides an orderly procedure for the hearing and resolution of all problems, concerns, and formal grievances. The goal is to resolve issues at the most immediate level and in the fairest manner possible to all. The main criteria in the resolution of any issue is what is best for the respective player, their team, and what is in the best overall interest of the SBLA.

Problems or concerns that have to do with coaching of a team such as playing time, positions, practices, etc., should be taken to the coach of the respective team. If the problem cannot be resolved at this level, the parent should contact the age-appropriate director for support and discussion with the coach. If further action is required or as needed, the parent must submit a written grievance to the Director of Hockey. The Director of Hockey or YHC chair will involve YHC, or other SBLA committees as required.

It is mandatory that before any grievance is presented to a coach, age-appropriate director, or other club official, that a 24 hour delay be observed.

It is recommended that parents bring forth grievances when the problem occurs- and not wait to the end of the season.

Work Hours

The Sheboygan Blue Line Association is a non-profit organization dedicated to growing the sport of hockey for the youth in our community. In order to be effective it is imperative that we keep the cost for all participants as low as possible. This means we rely heavily on volunteer work hours to support income raising activities such as public skate, concession sales, tournaments, ice bowling and so on.

Each of the families in our association has made a commitment not just to the association, but to each other to fulfill their work hour requirements to ensure a financially strong future for our children and the next generation of hockey players.

Work hours should be signed up for by claiming them through the DIBS program found on our website, www.sheboyganlakershockey.com.

1. Work hours are required by family, not per skater. The number of work hours required is by the level of the oldest skater in the family.
2. After finishing your claimed work hour, a work hour's slip must be filled out to prove that you completed the hours. The slip must be signed by someone other than a family member. Please have the verifying person print their name for easier recognition. These slips are available in the rink office and concession stand. After completion, they should be put in the mail slot located by the ATM machine.
3. Work hour slips must be submitted within seven days of work performed.
4. Any excess hours in any category automatically counts as general work hours. We record hours in their respective categories for statistical reasons.
5. If you jump in to help cover someone's shift because they did not show up, please indicate this on the work hours slip by writing it somewhere on the form.
6. Once you have signed up for a shift, you are not allowed to remove your name unless you have a replacement to work for you. If no one covers for you, you are responsible for these hours.
7. Hours will be updated and posted online on the website every other week. Please contact the Rink Office Manager with any discrepancies
8. If you worked without claiming the hours on DIBS, these hours cannot be added to your Family's account until you have claimed a DIB and have gotten into the system.
9. Hours not completed will be invoiced at \$25.00 per hour at the end of the season.
