THE CITY APPROVED THE PLANS!

\$4.1M OUT OF \$8M

I.C.E., Inc. has been working behind the scenes to get this arena built, but we still need YOU!

The second sheet of ice has been approved by the City of Verona. We can break ground as soon as we have raised \$6 Million.

Ice time will remain limited with the 2022-2023 season but if our families and the community can raise another \$1.9 Million by September 1st, 2022 we could potentially have a second sheet available in the 2023-2024 season. **If you have been wanting more ice for your skater(s) now is the time to act.** Please consider your donation now.

The timing of construction start and end dates is dependent on several factors, the most important being fundraising! Given the anticipated lead times on construction materials, the sooner we achieve our fundraising goal, the sooner we can begin.

Gifts of any amount, large or small, are valuable to our mission of "Ice for Kids of All Ages," and your generosity is greatly appreciated. We have a PayPal option to donate and a donation form is available on our website.

All proceeds go to the Verona Ice Arena to help build the second rink!

NEW WAYS TO SUPPORT THE NEW RINK

Thank you to everyone who has already contributed to this campaign. Your support has sparked interest in new naming opportunities. After overwhelming demand, we no longer have arena/lobby seating naming opportunities available.

As requested, we have split the current community room (a.k.a. The Mezzanine), into 15 new naming opportunities at \$10,000 each. Sponsoring the community room will help build the rink and in time help renovate the upstairs. Your donation will be recognized on the donor wall as well as in the community room.

If you are interested in this or any other naming opportunity, please see our [website](#).
