Games Assigned: 1196

Total Assignments: 3612

Training:

Evaluations completed: 14

Games with On Ice Shadow: 25

On Ice Shadow Program has been extremely successful and well received. All officials working their first few full ice games will do so at the 10u house level with a qualified on-ice shadow. Shadow will provide feedback to the officials, and to the schedulers as to whether the official is ready for higher levels or requires more games under this format.

We would like to make this a full time program throughout the season, Bryan is checking to see if RMD funds are available to make this possible.
