

USA Volleyball Regional Coach Developer Program

We are pleased to announce our exclusive Regional Coach Developer Program, April 30 to May 2, 2025, in Gulf Shores, Alabama—an immersive professional development opportunity specifically designed for region-appointed coach leaders. Regional Coach Developers are leaders responsible for advancing volleyball coach education and leading coach development efforts within their region.

What This Program Offers

This is a three-day experience, with April 30 as a required workshop day. You will then have the option to attend one or both additional days (May 1 and 2) to apply your coaching knowledge in a hands-on environment by assisting in teaching the Beach Coach Development clinic sessions under expert guidance.

What to Expect

You'll be joining a select group of coaching leaders from across the country to develop the skills, tools and confidence needed to lead coach education sessions in your region. You'll receive training from expert facilitators, collaborate with peers, and gain access to proven coaching development frameworks.

Program Overview: Developing the Developers

This comprehensive program is crafted to prepare you to lead coaching education sessions within your region and clubs. You will gain proven methodologies and resources to confidently deliver high-quality coaching education, helping to elevate volleyball standards across your region.

Key Focus Areas

- ★ **Philosophical Leadership** – Communicate core coaching principles, inspire coaches and foster a consistent developmental mindset aligned with national strategies.
- ★ **Technical Instruction Framework** – Learn how to teach coaches to develop technical skills using structured demonstration, explanation and feedback
- ★ **Tactical Education Strategies** – Gain tools to lead discussions on game strategy, tactical development, and decision-making.
- ★ **Hands-on Training** – Apply your learning by assisting in Coach Development clinic sessions on May 1 and 2.

Workshop Components

- ★ **Facilitation Techniques** – Lead engaging, interactive coaching workshops.
- ★ **Curriculum Design** – Access structured session plans and educational materials.
- ★ **Demonstration Methods** – Model coaching behaviors and technical instruction.
- ★ **Assessment Frameworks** – Evaluate coaching effectiveness.
- ★ **Regional Developer Network** – Connect with fellow coach leaders to share ideas and best practices.
