To The Parents/Guardians of the Solon Stampede Baseball Program:

We have been following the outbreak of the COVID-19 disease closely and we wanted to provide all of you an update. Currently, all facilities in which we are practicing are taking extra precaution when it comes to cleaning and sanitizing. After talking with our board and our head coaches, we have decided to make the following recommendations for all of our teams currently practicing:

1. We will continue to run practices as scheduled for now. We will proceed as we would regarding calamity days; our basis for cancelling practices will be based on the decision of Solon Schools to remain open or close. Although Solon Schools has cancelled a number of after school events, they are still proceeding with in-season practices.
2. Any parents who are concerned regarding their child(ren) attending practices, those players will be excused from practice without penalty. If your child(ren) is exhibiting any symptoms of illness, especially flu-like symptoms, please keep them home from practice.
3. Coaches will monitor to ensure that equipment (catcher's gear, batting helmets, gloves) are not shared between players. Please reiterate this to your kids.
4. New baseballs and buckets will be purchased for each team and will be brought and used to all indoor facilities.
5. When feasible, we are encouraging teams to practice outside.

We take the health and safety of all of our Stampede family very seriously. At this time, given the fact that all schools in the area, in particular Solon, remain open, we do feel it is feasible to continue as scheduled. Please know that this is a fluid process, and with many of our coaches working in the field of education, we are constantly being updated and will take action swiftly if this decision needs to change.

Thank you for your understanding during this unprecedented situation.
