

Vancouver Community Baseball

2020 Season Update #2

Dear VCB Baseball players, parents, coaches and volunteers,

Please consider this an update to our March 17, 2020 communication. The Board of Directors would like to inform our baseball community of the current situation facing our 2020 baseball season, as of today, March 27, 2020.

1. VCB has received a second official communique from the Vancouver Parks Board. **“A decision has been made to close all outdoor sports facilities and cancel all organized use and outdoor sport facility permits up to May 30th, 2020.”**
2. The Vancouver Parks Board also acknowledges, **“In the event that the guidelines and recommendations for social distancing change, we will re-visit and make decisions at that time.”**

Therefore:

1. Vancouver Community Baseball will continue to monitor the situation and issue another update as information becomes available.
2. Vancouver Community Baseball does NOT sanction any baseball practices/games until further notice.
3. It is Vancouver Community Baseball’s goal for our players to play baseball this season and we remain hopeful that this will occur. We are considering the option of playing baseball in the months of June, July and August if the current situation is resolved.

With great appreciation,

Vancouver Community Baseball’s Board of Directors
