The Phoenix Firebirds Youth Rugby Club is welcoming boys and girls of all ages to give rugby a try. We are located in central Phoenix and we are club-based, not school based, so the team is open to all and enrollment is not limited by school or district boundaries. We welcome all new players!

Prior rugby experience is not necessary. We always accept new recruits mid-season.

Why should you consider rugby as a new sport to play?

Rugby values teamwork, builds fitness and endurance, develops the hand-eye coordination, motor skills, decision making skills and dexterity to be able to run and pass and THINK all at the same time.

Everyone is on the field all the time and is on offense and defense to tackle, run, catch and pass the ball and score!
