Texas Teenage Scholarship Program
--

TTA invites all active affiliates to nominate candidates for our annual scholarship program. Texas Teenage players from the TTAB (Baseball) and the TTAS (Softball) programs will be selected each year. Young people who have demonstrated excellent leadership, playing attitude, citizenship on and off the field of play, and personal development through the TTA Program will be given the highest ratings in the selection process. For details on the Scholarship Program, refer to our Web Page at www.texasteenage.org, or get information from your local officials or contact person or call our State Office.

STATEMENT OF RESPONSIBILITY

Texas Teenage Baseball and Softball reserves the right to refuse any application or suspend or revoke any current rights granted when determined by the State Board of Directors that it is not in the best interest of the State Association.

It is the intent of TTAB-TTAS to provide participants with appropriate leadership and role models. As such, it is recommended that the local affiliates and league boards use their best judgment in allowing individuals to participate in the program. Specific areas of concern include, but may not be limited to, the individual's criminal history, the use of profane language, alcohol, illegal drugs or tobacco in the presence of the children. Any affiliate not willing to accept the above responsibility or review should not participate in TTAB-TTAS and should not submit an Application of Affiliation.

Any manager, coach, league official, or tournament director while participating in TTAB-TTAS sponsored programs:

1. drinks or allows the drinking of alcoholic beverages;
2. uses or allows the use of illegal drugs, controlled substances, or is under the influence thereof;
3. uses abusive or profane language;
4. or makes any attempt to commit or does bodily harm to any player, manager, coach, director, representative or umpire of TTAB-TTAS, shall be suspended immediately from further participation in any TTAB-TTAS sponsored activity for any number of years up to a lifetime ban to be determined by the State Board of Directors

Any fan or parent of a player participating in TTAB-TTAS guilty of any of the above infractions will be reported to their local league president for disciplinary action. Any affiliate failing to take action will be subject to suspension from further participation in TTAB-TTAS.

The State Board of Directors will review all reported infractions. Its ruling shall be considered final and shall not be subject to appeal and/or legal action. Any affiliate not willing to accept the above as a part of its local responsibility to participate in the TTAB-TTAS organization should not submit an Application for Affiliation.

The State Board reserves the right to suspend any manager, coach, league official or tournament director immediately from any TTAB-TTAS activity for any length of time. This disciplinary action shall be at the discretion of the Board and its Directors. Their decision shall be final and not subject to any appeal or legal action. TTA strongly urges all affiliates to know their volunteers and their backgrounds well. Ultimately, the safety and well being of the children is the responsibility of the local Affiliates.

DUTIES OF STATE DIRECTORS

State Directors shall enforce the rules and regulations, as well as those policies issued by Texas Teenage Baseball-Softball. Such enforcement shall be by virtue of, and through the authority given each Director by the State President. It shall be the State Director's duty to preside over all Association matters within the area for which he/she is duly appointed and elected, and said Director's decisions shall take precedence over any other person, affiliate, manager, coach, league official, tournament director (whether it be in a district or state tournament), or member of the Association, so long as said decisions are related to the rules, regulations and/or policies of the Association.

State Directors shall be the highest ruling authority in their respective areas, subject only to the President and/or Vice-President of the Association. At any time a State Director sees or knows of a violation of the rules, regulations, or policies of the Association, he shall immediately take the necessary steps to correct same, with all the power and authority given him/her herein.

All actions, decisions, and rulings of State Directors shall be in the best interest of TTAB-TTAS.

State Directors are expected to be impartial toward any affiliate or team and, therefore, may not be directly involved with any team, including coaching or managing. State Directors may not participate in any TTA game or act as a tournament director or umpire.

ASSOCIATE DIRECTORS

State Directors may appoint Associate Directors who can oversee a specific region of a Director's district. The Associate Director can be of general service to local affiliates, but shall take no official action regarding TTA rules and policies.

OFFICIAL REGULATIONS

DEFINITIONS:

For clarity, TTA defines the following terms:

Association: A term to mean the entire TTA organization.

Affiliate: A registered affiliate association member with TTA, including all towns and teams registered under said affiliation member

Affiliate Town: A town playing under an affiliate membership.

Team: A team registered and playing under an Affiliate Town.

League: Example: T-Ball, 12u Open Base, 8u Coach Pitch.

Divisions: When a league reaches 8 or more teams and has to split into multiple divisions (Example) North Division, South Division)

Manager: Head Coach

A. ORGANIZATION

1. TTA recommends all Affiliates to perform a background check on all coaches/volunteers that will be on the field.
2. All affiliate rules and bylaws should be in writing and issued to all managers and coaches.
3. The affiliate town shall be the smallest unit of the organization and shall be affiliated with the TTA State Office each year.
4. The affiliate town shall be governed by a Board of Directors, Committee, or Association with elected officers serving as voluntary operating personnel, including a President who is the highest ruling authority of the affiliate.
5. The Board of Directors, Committee, or Association may organize and operate one or more leagues in any and all divisions of TTAB and TTAS. Each league, so organized, shall be considered a separate and independent organization within itself.

6. A League must consist of at least four (4) teams and no more than seven (7) teams, except by special permission of the State Director serving the affiliate requesting the waiver. Each league shall participate in assigned TTA District and State Tournaments. For exception, refer to Tournament Rule 200-2
7. Any affiliate registering a fictitious team for the purpose of forming a league can be subject to a penalty of up to a one-year suspension from TTA participation.
8. An affiliate may be organized of a town, city, community or county. In locations where it is warranted, a larger territory may be organized, subject to approval of the local State Director.
9. Affiliate League sign up beginning and ending dates must be approved by Area State Director.

B. LEAGUE SCHEDULE

1. Playing a minimum of ten (10) official league games per team shall constitute a completed league schedule. Exception to this rule will require approval from the are State Director.
2. The beginning of league play is at the discretion of local affiliates.
3. All TTAB (Baseball) league play will terminate as follows:
The 2026 Season on June 12.
The 2027 Season on June 11.
All TTAS (Softball) league play will terminate as follows:
The 2026 Season on June 5.
The 2027 Season on June 4.
4. The official league schedule shall be prepared no later than one (1) week before the start of the regular season play.
5. The schedule shall be arranged so that no team will be required to play on successive days except for a makeup or rainout game.
6. A Calendar Week is defined as Sunday through Saturday.
7. Any league that has not finished its season by the official end of the TTA season and determined its champions shall not be eligible to participate in tournament play.

C. POSTPONED, RAIN-OUT, AND SUSPENDED GAMES

1. No regular scheduled games may be postponed without the approval of the Local Affiliate President.
2. It shall be the responsibility of the Local Affiliate President to see that all postponed games, rain-out or makeup games, and suspended games are re-scheduled and played at the earliest possible date. All such games must be played during the regular season of play and before the end of the Official League Season.

- (a) A postponed and/or makeup game is defined as one that is re-scheduled to be played in its entirety at a later date.
- (b) A rainout game (if less than the required complete innings have been played) is defined as a suspended game.
- (c) A suspended game is defined as one that is re-scheduled to be continued in play from the exact point of suspension of the original game. A game called by the umpire that is not a regulation game, will be resumed at the exact spot where it was stopped. All recorded stats will carry over to the continuation of the suspended game as they were upon suspension, including pitch counts.
- (d) **Pitch Counts in a suspended game:**
 - Pitch counts recorded up to the point of suspension will carry over to the continuation.
 - Any pitcher that is over the limit when the game is suspended will go into days rest at the end of the calendar day and will not be available until the applicable rest period has been completed. If a pitcher is in days rest when the continuation of the suspended game is resumed, that pitcher will not be allowed to pitch and must be removed from the mound prior to throwing a pitch. If a pitcher is in days rest from a different game when the suspended game is resumed, same would apply. Days rest shall not be waived.
 - If the pitcher is available to continue pitching in the continuation of the suspended game, the total number of pitches from the suspended portion of the game will carry over, so if the pitcher had 45 pitches before suspension, the first pitch would be #46. The total pitches applicable for the day are still in effect for that game.
 - Since a pitcher would have already served days rest for what pitches were thrown in the suspended portion of the game, if they were over 35 pitches, that pitcher will only serve days rest for what pitches were actually thrown in the continuation of the suspended game. So if a 10U pitcher had 36 pitches in the suspended portion and served one day rest the following day, the continuation was played 2 days later and that same pitcher threw the rest of the 75 pitches allowed for the day which would be another 39 pitches, that pitcher would serve one day rest the next day for the 39 pitches thrown in the continuation since he already served one day rest for the 36 pitches he threw 2 days earlier.

D. LEAGUE CHAMPIONS

1. Local league champions shall be determined by the method adopted by the local affiliate officials and the eligible teams will advance to tournament play.
2. The method used may vary according to local situations. The method used should be determined before the local league season begins.
3. Each League with 4 to 7 teams must send first and second place teams, and in some cases, third place teams at the State Director discretion (or replacement or alternate teams). Each League with 3 teams (**must have area State Director approval**) must send the first place team (or replacement or alternate team). These teams are required to participate in its assigned tournament. Penalty for non-participation can be up to a one-year suspension from TTA for that particular league and/or manager. The affiliate will also receive a non-participation fine.

E. ESTABLISHING LEAGUE BOUNDARY LINES

- (a) TTA boundary lines will be as follows:
 - School district boundary of the place of residence or
 - Where the player attends school.
- (b) If a new affiliation in TTA contains players who are a part of a team in a nearby affiliate, such players are allowed to remain on the current team through the duration of the TTA age division the player is so registered. Once such players move into a new age division, they must sign up based on the boundary line rules listed above.
- (c) Any boundary line controversy that cannot be resolved locally should be submitted to the State Director and provide complete detail.
- (d) All boundary line protests shall be settled before the TTA end of season dates. No TTA tournament will allow protests over boundary line issues.
- (e) A player must sign up and play in the designated boundary line area of which he/she lives (school district boundary of the place of residence) or where the player attends school, as long as a team or league is offered in the players age division.
 - Players that are home schooled and do not attend public school shall fall under school district boundary of the place of residence.
 - In some cases, a player's residence can be in a different school district than where they attend school, in this case a player may sign up in either location. Once a player has started an age division in their desired location, they shall finish out the current age division before changing locations.

- For all players that meet at least one TTA boundary line requirements that must go through the affiliate placement process, and is required to play in another affiliate town due to placement and has met all the requirements necessary to play in his local boundary the following year, he or she can return to the original affiliate town the following year, or choose to finish out the current age division on the current roster. Once a player ages out of an age division, they must return to their original TTA affiliate town for signups.
 - For all players that do not meet at least one TTA boundary line requirements, must go through the affiliate placement process. Once placed on a roster by the committee, that player will have the option to remain on that current roster to finish out an age division, only if the placement need is not needed for another roster needing players based on the criteria set forth in (f) **Player Placement Process**. The Placement Committee and/or the area State Director have the authority to place such players that do not meet any TTA boundary requirements back into the player placement pool if the need is there for player placement. Once a placement player has aged out of an age division, that player(s) will go back through the player placement process the following year.
- (f) **Player Placement Process** – Any players that do not have a place to play: This would pertain to players signed up past the roster limit, players from an adjacent town that need placement or players from a non-TTA town. All such players will fall under the following steps for placement.
- All affiliates will be required to form a placement committee that will have equal representation from all affiliate towns within their affiliate association.
 - All players must sign up in the town they are supposed to legally play for, based on school attended or school district of the place of residence.
 - All players that sign up from a non TTA town may turn in their form to any town within the closest TTA affiliate boundary from their place of residence, within reason factoring in distance with State Director approval. Such forms from non TTA players must be turned into the Process Committee for placement.
 - Forms from such players described above in (f) shall be kept separate from all other sign up forms until the end of signups.
 - Placement signup forms will be turned into the placement committee, following sign ups ending for roster placement.

- All sign up numbers from all affiliate towns will need to be collected by the committee prior to placement.
- Placement criteria will be reviewed on the following:
 1. Need of the player
 2. Distance
- The committee will look at roster numbers from all towns within their affiliate area and determine which rosters need additional players first and within reason according to driving distance.
- Prior to notifying parents of placement, the committee will need to discuss placement results with their area State Director. The committee will need to present the list of players and the placement criteria in writing for approval following discussion to their State Director.
- Once player placement has been determined, any player or parent refusing to play will be ineligible to play for any team.

Any player that misses the sign up window or any player that signs up in the wrong location may be ruled as ineligible.

Any deviations from the boundary rules listed will require State Director approval.

F. LEAGUE PLAYER SIGN UP PROCESS

1. All Affiliates will be required to collect the following information on their signup forms for the purpose of determining the proper location for all players based on **E. ESTABLISHING LEAGUE BOUNDARY LINES**
 - a. School district of the place of residence.
 - b. Where the player attends school.

Texas School District may be located on texasteenage.org under Downloads for verifying proper player location.

2. Player first serve basis. All sign up forms need to be received by an authorized person on or during league approved sign up dates, once the sign up dates are posted, under no circumstance can an affiliate or town close or end sign ups early. The player sign up forms will need to be numbered in order with a date and time recorded when the form is received by local league officials, or if online signups are utilized, a time and date the form was submitted and received online. The manager/head coach's son(s) or daughter(s) signup form(s) will be pulled out of the sign up order due to being already on the team as a protected player, per TTA rule. All other players, including protected and returning players will need to go through the signup process and rules pertaining to the signup process to be considered a legal player.
3. If more than 15 sign up in a division, but not enough for 2 teams, and all options have been exhausted for making a second team and players must be released because of no room on the roster, the first 14 players that are signed up in order will be on the team, plus the protected manager/head coach's son(s) or daughter(s) to make 15. Players that are signed up past 15 in this scenario must be released, starting with #16, and shall not be protected or considered returning players. The same rules would apply if too many players signed up for multiple teams, the numbers for release would be in groups of 15, so if 31 sign up, the 31st player would be released, if 46 signed up, 46th would be released, and so on. Players that must be released based on sign up order must be released prior to the open draft and shall not be protected or considered returning players on a team roster. If two or more managers/head coaches were selected by the local board in anticipation of multiple teams being formed and the sign up numbers don't allow for what was expected on team numbers, the son(s) or daughter(s) belonging to the manager/head coach selected for the teams that will not form will be inserted into the front of the signup order and be available to be chosen as a protected player, return to a team roster as a returning player or enter the open draft, where applicable. Any player that must be released based on sign up order may be offered the opportunity to play on another team from the closest affiliate town in the same age division or offered to move up a division within their affiliate town.

Per TTA rule, local leagues can elect to start releasing players at 13, if this is utilized, the group of 15 listed above would be 13 or 14, whichever your local league has voted in place, must be adopted and recorded in the town or affiliate local by-laws. Also note that the grouping number would also change when enough players sign up to form multiple teams.

4. No team may roster more than 8 players of the oldest age in an age division. If more than 8 of the oldest age allowed in an age division sign up, and only one team is formed, the first 8 of the older age players in the sign up order will be on the team, released players would state at #9 in the sign up order, and so on, if there are not enough sign up for 2 teams. Same would go for 2 or more teams, calculated in groups of 8, so the first 16 signed up in order for two teams, first 24 for 3 teams, and so on. Any signed up past the group of 8 calculation would be released based on sign up order.
5. Returning roster players and protected players are not guaranteed placement on a roster and must go through a league approved and fairly administered sign up process to retain their status as a returning or protected player. The sign up process and sign up order takes precedence over protected or returning status. The only player guaranteed a roster position is the manager/head coach's son(s) or daughter(s), since by TTA rule, it is mandatory that such players must be included as protected players once a manager/head coach is determined prior to the player draft. **Any deviations or special accommodations shall be submitted to the area TTA State Director for ruling order prior to being initiated.**

G. SELECTION OF PROTECTED PLAYERS

1. The selection of players for teams will be accomplished based on the following guidelines.
2. The managers/head coach(s) must be determined prior to each age division player draft. If no person signs up to coach prior to the draft, the local board may appoint someone to draft for the team with the coach vacancy. Once a manager/head coach has been selected for a roster, that manager/head coach must remain with the current roster for the remainder of the age division (unless removed or no longer coaches a team). Once a manager/head coach has been found/selected, follow guidelines outlined below.

3. If the manager/head coach has a son or daughter playing on the team, it is mandatory that such players must be included as protected players. In the case of where the manager/head coach has multiple sons or daughters playing in the same age division, it is mandatory that all such players must be included as protected players.
 - Some leagues have sibling rules in place where if you select a player that has a sibling playing in the same age division, when you pick one, the other is automatically on the team as well. If this is in place in your local league rules, and a coach selects a sibling as a protected player, the automatic sibling pick will be listed on the roster prior to the open draft and be counted in the total number of players. If siblings are signed up in the same age division, and one or both siblings are signed up outside of the maximum roster number allowed, such player(s) will not be an automatic pick and will fall under **E. League Player Sign up Process rule #2** and will face release, placement on another team or offered to move up to the next division.
4. Protected player shall be selected by the local boards appointed team manager/head coach(s) prior to the open draft starting. It will be a requirement that the parent or legal guardian of any player selected as a protected player sign a protected player agreement noting their approval for the son(s) or daughter(s) to be listed as a protected player on the roster for the team manager/head coach. Once the protected player agreement is signed by the parent or legal guardian, the player(s) will be protected to that team roster until the protected player(s) move out of the current age division.
(See downloads at texasteenage.org for official protected player agreement form)
5. No team will be allowed to have more than a maximum of 3 protected players. Protected players will be tied to the team roster (not the coach) and will remain protected so long as the same team roster exists in the same age division. A rostered player may only be returned to the open draft if a protected player spot must be vacated for a different manager/head coach's son(s) or daughter(s) to be protected. Must have the approval of the area State Director and the local board. Protected players that lose their protected player status by way of returning to the draft are not considered returning players and must be returned to the open draft. Protected players must be named each year on the team's official roster. A protected player will lose their protected status when moving into a new age division.
Any deviations or special accommodations shall be submitted to the area TTA State Director for ruling prior to being initiated.

H. RETURNING ROSTERED PLAYERS

Returning roster players are not considered protected players, returning roster players are players that were drafted their first year in an age division that are legally signed up and returning to their team roster the following year in the same age division. Returning roster players are also tied to the same team roster (not the coach) remaining in the same age division. Second year returning rostered players in the same age division may not be returned to the open draft. Players moving into a new age division must enter into the open draft and are not considered returning rostered players.

Any deviations or special accommodations shall be submitted to the area TTA State Director for ruling prior to being initiated.

I. TEAM ROSTER

In most circumstances, when a manager/head coach is assigned to a team roster, there will be returning players and/or protected players that are still a part of that team roster from the previous year.

Manager/head coach(s) assigned to a roster will inherit what players remain on the roster from the previous year, as is. Manager/head coach(s) will add protected players as needed or required by rule and add new players through the open draft to re-establish a complete team roster for the current season.

- If a returning team roster has only 3 players or less, that roster may be dissolved and players returned back to the open draft. It will be determined by the local board or the affiliate league board to adopt this into their local rules to dissolve a roster and place returning players back into the draft once the roster reaches 3 or less, prior to sign-ups beginning.

J. OPEN DRAFT RULES

1. A team drafting order must be an alternating pick format, drafting order will be determined by the local board.
2. Each team will have 1-3 protected players listed on their roster prior to the open draft beginning. Returning team rosters will also have returning players listed on their roster. The total number of protected, returning players and any automatic sibling rule players needs to be calculated and totaled for each team.

3. Teams with the lowest number of players will get to equal up on the number of players to the next closest team. Once two (2) or more teams are equal with the number of players, then alternating picks will start between the teams that are equal. This will continue until all teams are equal on the total number of players per team and then alternating picks until all players have been selected.
4. Parents requesting for their son(s) or daughter(s) to play or not play for a certain manager/coach or team **is not allowed**. Any player refusing to play for a team when chosen in the selection process is ineligible to play for any team.
5. It is the responsibility of each affiliate to govern their leagues to prevent the stacking of teams. Any and all teams that are determined to be an illegally drafted team by a TTA State Director(s) or the Affiliate Local Board will not be allowed to participate in tournament play.
6. Any manager/coach who violates the player selection system in any way, shall be suspended from participation in TTAB/TTAS for any period of time, not to exceed three (3) years. Likewise, the affiliates/league with whom the coach is associated with, shall be subject to the same penalty.

Any deviation or special accommodations shall be submitted to the area TTA State Director for ruling prior to being initiated.

K. PLAYER AGREEMENTS

1. All players and their parents (or guardians) shall be required to sign a player agreement prior to participating in any TTA activity, agreeing to abide by all TTA rules and regulations and, in addition, all local affiliate rules and regulations. The player agreement must include a statement releasing the local league affiliate and its officers, all sponsors, and the TTA State Organization from any and all liability associated with any injuries sustained as a result of any TTA activity.
2. Each player (parent or guardian) must provide the local affiliate town an official (copy thereof) birth certificate, passport or official military dependent I.D. as documented proof of the correct date of birth. State issued identification cards, foreign birth certificates and/or government resident alien documentation is acceptable so long as proof of the correct date of birth is validated on such documentation. It is encouraged that the parent or legal guardian provide this legal documentation at sign ups.

****Hospital record of birth certificate will not be accepted as legal documentation****

3. Players drafted will be considered the property of the team who drafted them for the age eligible age division.
4. Players participating in TTA will be eligible to play on only one TTA team in one league in one season. This excludes players on High School Eligible Boys and Girls Teams.
5. A Player must participate/play in at least one half of the regular season games (unless for medical reasons), to be eligible for tournament play. A game not played due to forfeit is not considered participation.
6. Team rosters must be submitted to the TTA State database prior to the league's first scheduled game for that team. Failure to submit a team roster prior to the first scheduled game will result in forfeit of any game played prior to submission of the roster.
7. No additions to a team roster will be permitted after the first league game is played without State Director approval.
8. NO PLAYER TRADES WILL BE PERMITTED.

L. ILLEGAL PLAYERS AND PENALTY

1. The TTA Roster Audit Committee will perform random roster audits to ensure players remain with their assigned rosters through the current age division.
2. Players may be declared illegal for the following reasons:
 - (a) A player moved to another team without proper justification and/or local board and the State Director approval or traded.
 - (b) Misrepresentation of playing age.
 - (c) Participation on more than one TTAB/TTAS team during league play. (Exception: High School Boys and Girls Eligible Divisions, where approved).
 - (d) A maximum age player who is signed to a TTA team after eight other maximum age players are already signed.
 - (e) Not officially registered with a league to be a player.
 - (f) Players who reside or attend school in a defined affiliate boundary area and play outside that defined area when a TTA program is offered in his/her age division.

PENALTY: All games in which an illegal player participated will be forfeited.

3. It will be the responsibility of the Manager of each team to make sure that he/she does not draft or play an illegal player during the season or in tournament play. Penalty for this violation can be up to a two-year suspension of the Manager from participating in TTAB/TTAS activity.
4. In the event a Manager or Assistant Manager believes or knows of an opposing team playing an illegal player, he/she may make a protest. If the protest is allowed, the game will be declared forfeited to the offended team. Any game played in which both Managers have lodged an official protest, and both protests have been allowed, the game in question will be thrown out. The game will not be replayed, but will be recorded as a loss of one game for each of the teams in the final standings.
5. In the event local affiliate officials or State Directors discover an illegal player, manager, or team (according to TTAB/TTAS rules and regulations) all games in which player, manager or team participated, will be forfeited.
6. Any coach playing a player under an assumed name or with illegal documentation: player and coach will be removed from the game at the time the illegal player is identified.
PENALTY: Player will be removed from play. Coach will receive a five (5) year suspension from TTA and player will be suspended for two (2) years. All games in which an illegal player participated will be forfeited.
7. **IT WILL BE THE RESPONSIBILITY OF THE MANAGER TO ENSURE THAT THE TEAM ROSTER IS SUBMITTED TO THE STATE OFFICE CORRECTLY AND PRIOR TO THE FIRST SCHEDULED TEAM GAME.** If a data entry mistake is discovered on a team roster (examples: omission of a player, spelling errors or typing entry mistakes) the player may be eligible to play with approval of the State Director. **PENALTY:** The manager may be suspended for the first two tournament games.

M. PROTESTS AND DISPUTES – LEAGUE PLAY

1. All protests and disputes arising during the regular season of league play shall be settled on a local level. The President of each affiliate shall name a Protest Committee for that purpose and the Committee's ruling shall be considered final.

2. A protest which may arise from interpretation of playing rules, will be made by notifying the Umpire-In-Chief and the manager of the opposing team, at the time of occurrence and before the next legal pitch, that the game is being played under protest; then submitting the protest in writing to the local affiliate President within twenty-four (24) hours after the game in question.

If not discovered and a violation occurs, the penalties will still be enforced (see applicable age division pitching rules for penalties)**

The scorekeeper may notify of an improper batter only before the first pitch is thrown in the at bat. If not discovered before the first pitch is thrown, if discovered by the offensive or defensive coach before the batter becomes a runner, the proper batter may be inserted and will assume the count as it was for the improper batter, at this point it is correctable. Once the batter becomes a runner, a proper appeal may be made by the defensive coach before the next pitch, once confirmed that batting out of order has occurred, the player that was the improper batter will be called out, all base runners will return to their previously occupied bag. The next batter up will be the batter that follows the improper batter that was called out. If a batter was skipped due to batting out of order, that batter will lose that at bat.

4. Any subsequent thunder or lightning after the beginning of the 30-minute count will reset the clock and another 30-minute count should begin.
5. When lightning-detection devices or mobile phone apps are available, this technology could be used to assist in making a decision to suspend play if a lightning strike is noted to be within 10 miles of the event location. Just a Little Boy

*He stands at the plate with heart pounding fast,
The bases are loaded, The die has been cast.
Mom and Dad can not help him, He stands all alone
A hit at this moment would send the team home.
The ball meets the plate, He swings and misses.
There's a groan from the crowd,
With some boos and some hisses.
A thoughtless voice cries, "Strike out the bum"
Tears fill his eyes; the game is no longer FUN.*

*So open your heart and give him a break,
For it's in moments like this, a man you can make.
Keep this in mind when you hear someone forget:*

*HE'S JUST A LITTLE BOY,
HE IS NOT A MAN YET*

Just a Little Girl

*She stands at the plate with heart pounding fast,
The bases are loaded, the die has been cast.
Mom and Dad can not help her. She stands all alone
A hit at this moment would send the team home.*

*The ball meets the plate, She swings and misses.
There's a groan from the crowd,
With some boos and some hisses.
A thoughtless voice cries, "Strike out the bum"
Tears fill her eyes. The game is no longer FUN.*

*So open your heart and give her a break,
For it's in moments like this, A woman you can make.
Keep this in mind when you hear someone forget:*

*SHE'S JUST A LITTLE GIRL,
SHE IS NOT A WOMAN YET*

*In Loving Memory of Rhonda Riley and Susan Sharp
No one understands the dedication that the spouses
of State Directors give to Texas Teen-Age. They give
up numerous hours of family time for their spouse
to attend meetings, games, tournaments. This is just
the beginning, they also handle numerous telephone
calls and become the voice of reason for many.
Thanks to these ladies and many others for their
dedication and commitment to our young people.
You will be truly missed by your TTA family.*

*With love forever, Lifetime State Director
