

Being a part of Terrapins has definitely shaped the person I have become today - both in and out of the pool. I never thought that this would be me, that I would join a year-round swim team and continue my future as a D1 swimmer in college, but I am so glad that Dan continuously reached out to me and finally convinced me to switch over. I am very appreciative that I was given this opportunity to be a part of this team for the past two years.

I want to say a huge thank you to Coach Doug and Coach Dan. Thank you Coach Doug for all of your support and encouragement these past two years. Coach Dan, thank you for guiding me and coaching me into the swimmer I am today. Thank you for bringing me onto this team and always believing in my potential. Thank you for helping me with my recruiting process and thank you for teaching me that hard work pays off.

To the senior group, it has been so great to get to know all of you. Through the countless hours spent in the pool together, hanging out at swim meets, pizza nights, and breakfast runs after practice, I have had the best time getting to know all of you. Thank you for making the swim team that much better, and I am super grateful to be a part of this group.

Terrapins has been such a fun opportunity filled with many unforgettable experiences and I have also made many lifelong friends. I cannot wait to continue my swim career at USD knowing that I will carry with me these incredible experiences and friendships, so thank you all for the best experience on this team!
