

Vegas Golden Knights High School Hockey League

To all high school hockey families of Las Vegas:

The time we have all been waiting for is finally here! We are announcing the beginning stages of creating our own local Vegas High School Ice Hockey League. In conjunction with the Vegas Golden Knights, the league will be comprised of local players who will fill rosters for both High School Major and Minor level teams in the areas where they live, including birth years 2008, 2009, 2010, and 2011.

Eligible players will include house and travel, as well as both boys, and girls. The season and games will be in spring/summer to allow kids from all levels and genders to be able to play who want to represent their area of Vegas Valley. A selection camp for each area will be held in March. The season will run yearly from April to July, and will have 15 games, 5 practices, which includes playoffs and a championship.

Each team will initially represent a cluster of High Schools in close geographic proximity, primarily using zip codes of residency. Over time we envision growing the VGKSHL to where eventually, each interested High School has enough players to roster their own affiliated club teams. Another goal is to work to where kids will be able to earn a "letter" in the sport. Initially, the plan is to start with 8 Major Level and 8 Minor Level teams. Each team will be comprised of kids from multiple schools.

Having a space for ALL high school hockey players to be included in and to feel a part of something special is important. This league will enable the youth to play with friends, foster better networking amongst the local hockey community, and promote an atmosphere where kids can appreciate the High School sports experience.

Thank you again for your support of these wonderful athletes... we look forward to creating something special for the High School players here in the Vegas Valley.

Best Regards,

Vegas Golden Knights High School Hockey League
