Instructions for approving the "Return to Play" waivers:

It is very important that you understand that there is a difference between an "Invitation to Join the Team" and the "Return to Play" waiver. WAIVERS ARE MANDATORY. If they are not approved online, your player will not be able to play in any USSSA sanctioned event moving forward. There will be NO PAPER WAIVERS ACCEPTED.

If you have a guardian account linked to your player, go ahead and login. If you have not already approved the waiver, it will appear as soon as you login. Click approve.

Once you receive an "Invitation to join the team" you will be asked to create a password for your account. It is important that you remember your password.

After your player is approved to join the team you must login to your account on www.usssa.com.

- Go to the upper right hand corner and click "LOGIN"
- Go to the blue menu box on the left and click "Guardians"
- Enter your guardian email and password.
- If entered correctly it should immediately open the waiver for your approval.

If you do not know or remember your password, click the menu item on the left that says "Forgot Username/password". That will ask you for your email address and will send you a "reset" link to change your password. You should then be able to login to your guardian account to approve the waiver.

If the above methods do not work, please communicate with your team manager/administrator with your issue and they will communicate with Director Kendal Stone at kendal.stone@usssa.com
