

Winter Mite Jamboree - Timers, Check In, Concessions

Timers

- Whistles and horns will be located in the warming house in the morning, in the backroom in a box labeled "JamboreeTimer Kit". There is one stop watch available, however we typically use the timer on a cell phone. You can leave the whistles/horns in the penalty box when the game is finished. Final shift should return them to the warming house.
- If you are timing a game on Friday night or Saturday morning, please grab the team gift bags and hand them out to the coaches before the game. These are located in the locker room in the warming house and labeled M1 or M2 plus the team name.
- Mite 1 games: Games consist of two 20 minute halves (may need to shorten if we are running behind schedule). 3-5 minutes for warm up (start on time if possible). Sound whistle every 2 minutes. Sound horn at HALFTIME (allow 2 minute break). At the end of the game sound the horn 3 times.
- Mite 2 games: Games consist of two 24 minute halves (may need to shorten if we are running beyond schedule. Allow 5 minute warm up (shorten if running behind). Sound the horn/whistle every 2:00 minutes. Sound the horn at halftime. Allow 2 minute break. At the end of the game, sound the horn 3 times.
