Athletes of the “Allianz IRONMAN 70.3 Cartagena Presented by Chevrolet,

Welcome to the 3rd IRONMAN 70.3 to be held in Colombia! We are excited to see that our team’s hard work for years has finally paid off, by making possible that this IRONMAN race in the country becomes a reality.

Allianz IRONMAN 70.3 Cartagena Presented by Chevrolet attracted over 40 countries. The race will take place in one of South America’s most enthralling and righteously preserved colonial destination: the iconic and exquisite city of Cartagena de Indias.

Our team has been working with one mission in mind; to cater to all athletes and provide an exceptional experience composed of dedication, passion, and professionalism. We aspire to provide a safe, competitive and fun environment, which is both supportive and encouraging.

Cartagena de Indias is the queen of the Caribbean coast, a fairy-tale city of romance, legends and superbly preserved beauty lying within an impressive 13km of centuries-old colonial stone walls. You will fall in love with Cartagena’s old town, its cobbled alleys, balconies covered in bougainvillea, and massive churches that cast their shadows across plazas. For athletes and their companions, Cartagena offers a place to think outside the tourism box. Stroll through the old town day and night, soak up the atmosphere, and pause to ward off the heat in one of the city’s many open-air cafes.

The time has come! All the training, sweat, and sacrifices culminate at the finish line, where you will achieve what for most is considered impossible.

Please don’t forget to thank the volunteers who are there to support you on race day through each rigorous mile. We encourage all athletes to volunteer at a race each year to fully appreciate their assistance.

Dear athletes,

As a triathlete myself and being someone who has participated in various races around the world, I always dreamed on being in an event at a magical place; not only for it’s natural beauty and location, but for it’s history and enigmatic charm, that will take me to a unique and exceptional experience, where the pain and tiredness will be smoothed out by exuberant nature, and where my mind will return to this paradise on Earth.

This is why Cartagena was chosen to fulfill this dream, and this is why I want to share it with all of you.

All the Race’s courses has been methodically designed so that each and every one will live this unique experience to its maximum; I am deeply sure that you’ll return home with a memory that will last forever in your minds and hearts.

My greatest wish is that everyone enjoys this race as much and I loved making it a dream come true.

I look forward to see you at the Finish Line and share this triumph together.

Andre Lapar
Race Director, “Allianz IRONMAN 70.3 Cartagena Presented by Chevrolet”
IRONMAN will operate under the “three strikes and you’re out” principle with respect to BLUE CARD violations. DRAFTING AND LITTERING are the only two violations that will result in a BLUE CARD violation and an athlete will incur a 5-minute time penalty (to be served in the closest penalty tent, located along the bike course). YELLOW CARD violations (stop and go penalty) also require an athlete to stop at the closest penalty tent location along the bike course. Any penalties incurred on the run course are to be served at the point of infraction. While YELLOW CARD violations will not count against your three strikes, IRONMAN Competition Rules still allow an athlete to be disqualified for repeated rule violations should an athlete receive excessive yellow card violations.

So that you understand the rules on race day, please take the time to read and understand the rules in the Athlete Guide and the 2016 IRONMAN Competition Rules.

The POSITION violations are summarized:

Always ride on the right side of your lane to avoid an ILLEGAL POSITION or BLOCKING call.

Keep six bike lengths of clear space between your bike’s front wheel and the rear wheel of the cyclist in front of you to avoid a DRAFTING call.

Always pass on the left of the cyclist in front of you; Never on the right to avoid an ILLEGAL PASS call. Complete your pass within 25 seconds to avoid a DRAFTING call.

Passed athletes must be seen making immediate and constant rear progress out of the drafting zone to avoid a DRAFTING call.

Triathlon is an individual event, and it is your responsibility to fully understand the rules and avoid penalties. The referee’s ruling is final in the case of POSITION violations, and there are no protests or appeals. Other common violations include:

1. HELMET CHINSTRAP
   Your chinstrap must be securely fastened whenever you are on your bike on race day.

2. RACE NUMBER
   You must wear your bib number during the run portion of the race. In addition, your bike frame sticker must be properly attached to your bike frame and must be visible from both sides.

3. LITTERING
   Do not throw ANYTHING outside of official aid stations. Littering will result in a BLUE CARD violation, which is a five minute time penalty.

4. UNAUTHORIZED EQUIPMENT
   Sorry, absolutely NO communication devices, MP3 players or other audio devices. (Yes, that means NO cell phones).

5. OUTSIDE ASSISTANCE
   Non-racers may NOT ride or run alongside you.

6. TIME PENALTIES
   Remember that even though DRAFTING and LITTERING are the only violations that incur a five minute time penalty, you must go to a penalty tent for any violation to have your number marked. There will be no penalty tents on the run. If you are penalized on the run, the official will mark your number on the spot.

Please treat other athletes, all volunteers, and your referees with courtesy and consideration. Not doing so is UNSPORTSMANLIKE CONDUCT and may result in disqualification. I sincerely hope you have a great race and achieve all your goals.

You will not be allowed to remove your bicycle and/or gear from the transition area following the race without your wristband affixed to your wrist. Please do not remove your wristband until after the event. You must be wearing your wristband if you plan to claim a slot for the 2019 IRONMAN 70.3 World Championship.

PERSONAL SAFETY
Athletes may swim in the designated swim areas. While we make reasonable efforts to inspect the swim entry and exit points for underwater hazards, the inspection does not take place until just before the swim discipline starts. Participants are further advised to exercise caution and to be mindful of underwater hazards. This is a natural body of water and is subject to hidden hazards including, but not limited to: currents, underwater obstructions, tides, rip currents and indigenous marine life.

When training, please bike and run on the shoulder without moving into the traffic lane. Please be courteous and aware that the people sharing the roads with you are people you will count on during race day to fulfill your physical and emotional needs. Please ride single file; biking side by side is illegal.

As you are one of Cartagena de Indias’ invited guests, please respect and obey the traffic laws during your training practices. Violators will be cited. You are required to carry proper identification at all times. If you are stopped, you must present your identification to the inquiring officer. Failure to do so may result in race disqualification. Your cooperation is appreciated.

- If you do not start the race, you are responsible for returning the Timing Chip to timing.
- If you drop out or are pulled from the race at any time, turn in your Timing Chip to a race official. Failure to do so may disqualify you from participating in future IRONMAN events. It is essential that we know where you are on the course at all times for your safety and our peace of mind. If you are transported to any medical station, the medical staff will take responsibility for your Timing Chip.
- Your race Timing Chip is a loaner. By picking up your race number and Timing Chip, you are guaranteeing that you will return the chip to timing, or you will be billed $35 (USD) for its replacement.
- If you lose your Timing Chip during the event, you are responsible for obtaining a replacement at one of the following locations: swim exit, bike exit or run exit. Volunteers will have extra Timing Chips at the timing locations above. If you lose your Timing Chip while on the run course, please notify a timing official immediately after crossing the finish line.

IRONMAN SWIMSMART
TOP 10 CHECKLIST

An open-water swim in a triathlon is substantially different from swimming in a pool. To alleviate stress, it’s important that you arrive on race day healthy, fit and prepared. Here’s a top-10 checklist to help get you ready.

1. PREPARE FOR RACE CONDITIONS
   • Race day should not be your first open water swim. Make sure some of your training replicates real race conditions, including water temperature, proximity to other swimmers and wearing a wetsuit if needed.

2. RACE IN SHORTER EVENTS
   • Being properly trained is the best way to reduce anxiety. If possible, race in shorter events and clinics to prepare yourself for open water conditions.
     • For extra guidance, talk to a coach or your local triathlon club.

3. LEARN ABOUT COURSE DETAILS
   • It’s important to prepare yourself mentally as well as physically prior to race day. Thoroughly review the race website and pre-race communication to familiarize yourself with the course.
     • Keep in mind, every body of water is different, so you’ll need to educate yourself on water current and surf conditions.
     • Study the event timetable to plan for proper arrival and preparation.

4. ENSURE HEART HEALTH
   • As an athlete in training, you should take the proper steps to assess your health with your physician.

5. PAY ATTENTION TO WARNING SIGNS
   • If you experience chest pain or discomfort, shortness of breath, light-headedness or blacking out while training, consult your doctor.

6. DON’T USE NEW GEAR ON RACE DAY
   • Focus on controlling as much as you can on race day.
     • You should never race in equipment you haven’t trained in this is not the time to test new gear.
     • Make sure your wetsuit fits properly and that your goggles, swim cap and other accessories work properly.
     • Prepare for the unexpected with backups of all your gear.

7. WARM UP ON RACE DAY
   • Arrive early enough on race day for a proper warm-up prior to the start, preferably in the water.
     • If you aren’t able to warm up in the water, spend between 5 and 10 minutes getting loose.
     • Be sure to do some cardio activity, such as a light jog, to increase circulation and prep your muscles.

8. CHECK OUT THE COURSE
   • Get comfortable with the course by checking out water conditions, the swim entry, exit layouts, along with turn buoy locations.
     • Identify basic navigation points so that you know what you are swimming towards.

9. START EASY – RELAX AND BREATHE
   • Don’t race at maximum effort from the start.
     • Relax and focus on proper breathing technique as you settle into a sustainable pace.

10. BE ALERT AND ASK FOR HELP
    • In a race setting always stop at the first sign of a medical problem.
      • If you or a fellow athlete needs help, just raise your hand to alert a lifeguard or safety boat.
      • Race rules allow for competitors to stop or rest at any time during the swim.
      • Feel free to hold on to a static object like a raft, buoy, or dock.
      • You may also rest by holding on to a kayak, boat or even a paddle-board. As long as you don’t use it to move forward, you won’t face disqualification.
Athletes will endure a 56 mile (90 km) bike ride. The bike course will go from the Convention Center and the Torre del Reloj to the “Vía al Mar”, which is the highway that connects Cartagena with the city of Barranquilla. Along the course, the athletes will enjoy views of many beaches and mangroves. This flat and fast out and back course will see high average speeds.
BIKE COURSE
RULES AND INSTRUCTIONS

1. POSITION RULES
   • Absolutely NO DRAFTING of another bike or any other vehicle is allowed.
   • Athletes must keep six bike lengths of clear space between bikes except when passing. Failure to do so will result in a drafting violation.
   • A pass occurs when the overtaking athlete’s front wheel passes the leading edge of the athlete being overtaken.
   • Overtaking athletes may pass on the left for up to 25 seconds, but must move back to the right side of the road, after passing. Failure to complete a pass within 25 seconds will result in a drafting violation. Athletes may not back out of the draft zone once it is entered (drafting violation).
   • Overtaken athletes must immediately fall back six bike lengths before attempting to regain the lead from a front running bike. Immediately re-passing prior to falling back six bike lengths will result in an overtaken violation.

RULES & INSTRUCTIONS

19. MEDICAL SUPPORT
If you need minor medical assistance, a SAG vehicle will pick you up and take you to the medical tent, where you shall receive treatment. Alternatively, depending upon medical emergency, ambulances will take you to the nearest hospital to receive treatment. If you have a technical problem or have bonked, the SAG vehicle will take you to the next aid station.

There will be radios to contact ambulances and medical assistance. If you have a problem, please go to an aid station for further assistance. Cyclists still on the course at 5 hours and 30 minutes after the final wave start will be disqualified and will not be permitted to continue in the event.

It is your responsibility to slow for safe nutrient pick-up at all bike aid stations.

Call out your requirements clearly and in advance.

Crews are instructed not to step across the white line for handoffs. It is imperative that you don’t toss bike bottles, cups, or nutrient bags on the roadside along the course. A five minute time penalty will be assessed for discarding litter outside the designated drop zone.

Technical support vans will be on the course to assist with emergency repairs whenever possible; such as replacement tubes, tires, chains, etc. Technical vans will be on the course throughout the day, but are limited in number. Please be self-sufficient.

LOCAL TRAFFIC LAWS
Please remember that members of the local community use the bike course roads.

Realize that you are an ambassador for the sport and the event and the impact of your actions is far reaching. When you’re out riding the course, please adhere to local traffic laws and go the extra mile to be courteous and respectful to the residents of the local community.

Every time a cyclist has an altercation with a driver, that driver sees every cyclist on the road as the enemy.

Every time a cyclist is courteous to a driver, that driver will give every cyclist on the road that much more respect and courtesy in return.

Please think before you act. When training, please follow these suggestions:

Please wear a helmet during all official activities when you are riding your bike. This includes competition, course familiarization and training session activities when you are riding your bike. This includes competition, course familiarization and training sessions.

Please ride single file. This is not just for your safety but also to ensure local drivers can get where they need to go without delay and frustration.

Please obey traffic laws (stop at stop signs, signal when turning, etc.).

Please do not use private property as a toilet.

Please do not litter. Keep your energy bar and gel wrappers with you until you find a trash can.

Please ask your friends and family members to refrain from painting the roads along the course. This defaces public property and is a punishable offense.

TECH TIPS AND OTHER DETAILS

Bike inspection is not mandatory and will not be provided at Bike Check-In, although technicians will be available. Athletes are ultimately responsible for their own bikes. However, race officials may, at their discretion, make final judgment as to the soundness of the bikes.

To avoid an unexpected flat tire, wait until race morning to inflate your tires to their proper air pressure. There will be a limited number of pumps available in the transition area on race morning so we recommend you bring your own. You must give your pump to a family member or friend before the race start, since pumps will not be accepted with your Morning Clothes Bags.

For security and safety reasons, bikes will NOT BE ALLOWED out of transition once Bike Check-In closes at 6:00 a.m. on race morning. Once transition closes, no one will be allowed to enter transition unless accompanied by a race official. On race day, bike tech vehicles will patrol the course to aid in emergency repairs.

MEDICAL POLICY

The athlete’s Colombia Tri Events/Allianz Insurance Policy protects each participant for the day of the event. When athletes purchased the IRONMAN 70.3 Cartagena’s registration, they acquired Colombia Tri Events/Allianz Insurance Policy to provide them with excess medical insurance. You can find the Allianz Insurance Policy in this link:

http://www.ironman.com/~/media/b979e113ecf2656bae157099a8c5604/polizaingles20web.pdf

If you require medical assistance at some point during the race, you will be transferred to a medical tent, where you will receive care and be assessed whether you should be transferred to an external medical entity.

RISKS

Particular dangers include dehydration, hyponatremia, sunburn, exhaustion and injuries sustained from accidents. Please ask for medical help if you have the slightest hint you may need it. You will not be penalized for receiving a medical evaluation. You will be withdrawn from the race only if you require transportation, IV fluids or if medical personnel feel your continued participation could result in serious harm or death.

During events of extreme endurance, the body’s pain threshold is raised, and you may be in more trouble than you realize. The medical personnel will do all they can to keep you in the race and assure a safe finish. Also, please be attentive when taking water and sponges from volunteers when you’re on your bike to avoid the possibility of accident or injury to yourself or another.

Please trim your fingernails and toenails prior to the start of the race to avoid injury to other athletes. Be especially careful to rinse your goggles of any excess defogger solutions to avoid eye irritation.

If you spend three months prior to the event in a climate different than Michigan, we suggest you consider an acclimation period before the race. The chance of dehydration and electrolyte imbalance can be reduced significantly by a proper period of acclimation.

Stay with your familiar and proven routine regarding training, nutrition and equipment, especially just prior to the race. This also applies to pre-race dietary intake and medications. It is recommended you avoid an extreme elimination diet. Adequate salt intake during training and during the event is especially important.

If you are taking any medications, or have any medical problem that may influence your performance or your treatment in the event of an injury, advise us of all necessary details well in advance of race day.

At Athlete Check-In, you are required to notify the medical team, in writing, if there is any change in your medical status/condition after your application has been processed. Failure to do so will result in suspension of participation in future IRONMAN events.

You are solely responsible for avoiding medications that appear on the list of banned substances as determined from WADA.

Feedback from previous IRONMAN and IRONMAN 70.3 athletes indicates we can never over emphasize the importance of hydrating prior to and during the event. IRONMAN’s Chief Physician recommends you begin hydrating heavily several days before the race and drink enough water so your urine is clear, colorless and copious by race day.

PLEASE NOTE

Full disclosure of medical condition(s), general health and surgical procedures within the previous 12 months is required. Medical consultation/clearance may be necessary from an attending physician prior to participating in the event.

In all cases, the final decision of medical consideration is at the discretion of the IRONMAN 70.3 Medical Director.

Please refer to IRONMAN’s Competition Rules for additional guidance and information.

Withdrawal Policy
Withdrawal requests must be received in writing via e-mail to worldchampionship70.3@ironman.com. Transfers or deferments are NOT permitted.
ALL WORLD ATHLETE

The IRONMAN All World Athlete program is our way of rewarding age-group athletes’ hard work, dedication, and performance across IRONMAN and IRONMAN 70.3 racing.

The program uses the IRONMAN Age Group Ranking system to determine which athletes have finished within the top 10 percent or better in their age group each calendar year. This system allows athletes to generate points based on their finish time behind the first official finisher in their age group. Athletes accumulate points for each race they complete. On December 31st, only the top three performances will count toward an athletes’ All World Athlete status. This makes it easy for athletes to improve their ranking by simply racing more with IRONMAN. If the race is deemed a non-wetsuit legal race, all athletes who choose to race in the wetsuit wave will receive base participation points in accordance with the All World Athlete age group ranking system. On December 31st, only the top three performances will count toward an athletes’ All World Athlete status. This makes it easy for athletes to improve their ranking by simply racing more with IRONMAN.

An athlete can achieve All World Athlete status in one or all of the following categories: IRONMAN, IRONMAN 70.3 and OVERALL (IRONMAN and IRONMAN 70.3 combined).

There are three levels associated with the All World Athlete program:
- GOLD (top one percent)
- SILVER (top five percent)
- BRONZE (top ten percent)

For questions regarding the All World Athlete Program, please contact: agr@ironman.com

BENEFITS FOR THIS RACE:
