

# Arianna Graineley Photography

## Parents

We will be offering player pages this year. Player pages gather all photos taken of your athlete in one folder that will not be archived at the end of the season, so it will be accessible for whenever you want. If you would like a player page for your athlete, please return this form filled out with all the information and 100 dollars (Cash or Cashiers check only. I do take venmo, and zelle) Please return this form to myself (via email is fine). This just pays for my time to gather the images as well as keep them accessible, as game folder are archived 6-8 weeks after the season is over. This does not cover digital downloads. Prints (as well as digitals) are available to purchase through this link at a nominal cost. If your athlete is a freshman, sophomore or junior there will be a divider photo between the seasons, should you choose to do each year
