Motion to approve meeting minutes from July meeting by Holly
Brett 2nd

Public Comments:

Kara (?) Levi's mom was in attendance on behalf of her son who will be in his 5th season at 8U. The question posed to the board, he loves hockey and being a goalie, but he misses the cutoff date for moving up. They are fine if he doesn't move up but what are the options to keep him excited.

Holly brought up what does the current 10U team look like, is there space?

What does the team need? Levi's development?

SYH can move up 1 person at the 8U level. If he moves up – he won't be able to move up again, the team is already at 17, the current team already has 2 goalies, the team numbers are not in favor of Levi moving up.

Can't cross roster from 8U-10U.

A vote to approve a play up request was tabled
