

To whom it may concern:

I am writing to notify of my interest to serve on the board for Becker Big Lake hockey association. I have played and been involved in hockey since I was 8 years old and been a part of the Becker Big Lake association for 5 seasons now. In those 5 seasons I have helped coach at the termite/mite level for 3 years.

I have a strong interest in becoming more involved and supporting in any way that I am able. I would like to create the best possible experience for our kids and hockey families, while keeping the best interests of our players and our program in all that I do.

Thank you,

Stephanie Hemmelgarn
