

# **SOLANA BEACH SOCCER CLUB SOCCER GOAL USE POLICY**

The Solana Beach Soccer Club has goals at each of its fields, except at CDC. The school districts typically require goals to be locked to a fence or locked together to prevent unauthorized use. The Club understands some coaches want to use goals during practices. The Club will allow coaches to use the goals as long as coaches return the goals to the fence (or other authorized location) and lock the goals after their practice (unless a team is practicing after their practice, in which case the coach of that team will be responsible for returning and locking the goals).

If goals have not been returned and locked at their authorized place, the Club may prohibit their use for practices.
