

Hello Youth LAX Families!

We are excited to announce that our Youth LAX season will officially start on Monday, June 15th. We will have two teams playing, one each at the 14U & 12U levels. Unfortunately, there will be no 8U & 10U season this summer or a Try LAX for Free event. Although we will not be fielding a 10U team, if you have a 10U player that is interested in playing this summer we have openings on the U12's, please contact our president Amber Hedin at stcloudyouthlax@outlook.com.

*We will not be having an official equipment handout date. Ideally we would like players to use their own equipment due to the COVID-19 Pandemic, however, if you have equipment needs please contact us by emailing Amber Hedin at stcloudyouthlax@outlook.com.

Practices will be held at the South Junior High fields on Monday, Tuesday and Thursday evenings. Three practices per week until our first game, then we will reduce to one or two practices per week.

Games through YLM (Youth Lacrosse Minnesota) will be starting July 1st. We will have approximately 10 games which will occur on week nights through July and early August. No weekend tournaments and the last week of games will be the week of Aug. 10th-14th. Due to the size of the crowds, YLM has decided to not host state tournaments this year.

Registration is being reduced to \$150, if you have already paid, our board will be reimbursing you. Refunds can be expected in the first ½ of July. If you have not registered yet, please do so by June 15th and use the code '**Discount2020**'.

PLEASE NOTE: Be sure to have your current US Lacrosse Member Number ready for registration. You can visit www.uslacrosse.org to complete that membership.

You will receive another email soon regarding practice details and COVID-19 protocols. With the pandemic being a fluid situation, please note that these plans may adjust with additional information and guidelines from local, state, and federal organizations. We are planning to move forward with the plan listed above and will communicate as soon as we can, if things change. We are grateful for your understanding and flexibility through the situation.

We've missed our Youth Lacrosse family and are looking forward to another great summer season!
