  - Scoreboards- looking for scoreboards for games that are not on the called games. I am trying to find something that makes it easy for refs to work. Having trouble finding two scoreboards (one home side and one away side) with one remote.

# PAYAL Board Meeting

April 16, 2024

- Volunteer Scorekeeper- another option would be to have a parent volunteer keep track of the score during the game. They hold the remotes and refs tell them when to change
- J. Stierle- game changer- app to keep track of the score during the game. M. Mady- the football side isn't great for possessions and downs. A. Neider- I can look into other options for keeping score during the game.
- It seems like the parent volunteer option is the best option
- Field Maintenance- will reach out to grounds keeper as it gets closer. Look into options to keep the field hydrated- possible trade off with firehouse
- Empty Board Position- Concessions- keep putting it out there make sure that we say we will train you, support you, etc.
  - N. Mady- look into the Grill food truck- that way we don't have to pay for the food, concession usage,
  - M. Mady- I think we would need to get approval from borough
  - N. Mady- if we can't find anyone we could set up a canopy, grill, chips drinks- keep it super simple
  - M. Mady- If we don't find anyone to fill concession board position by June we look into these other options
