Murphey Candler Girls Softball Association (MCGSA) introduced girls fast pitch softball to Atlanta in 1968. With an eye toward the future of women’s athletics, MCGSA saw the emerging opportunities for young women to play competitively through high school, college and even beyond. That mission continues today as the only recreational girls fast pitch league in the Brookhaven/Dunwoody/Chamblee area. Murphey Candler Park is conveniently located near Perimeter Mall, which allows our program to provide a home for young, budding players in several counties.

We offer recreational leagues for girls from age 5 to 18, as well as select and travel opportunities. Each season, more than 300 young ladies participate across our leagues learning the game of softball, and building lifelong friendships in the process. Through our volunteer coaches, professionally run clinics and other learning opportunities, girls have an environment to improve their skills, learn about competition and team work, and gain an appreciation for an active lifestyle.

MCGSA is an all volunteer organization, 100% funded by our sponsors and league fees. It is the support of the community that makes it possible to provide these opportunities to girls and to continue to grow and improve the program. Please consider becoming a sponsor of Murphey Candler Girls Fast pitch. Your generous donation will allow us to continue to provide each of our players top notch facilities, trained and skilled coaching, skill building clinics and workshops as well as memories that will last a life time. Donations also help MCGSA improve facilities in the park. Murphey Candler Girls Softball Association is about more than the game of softball, it is about building life long memories and experiences. To learn more about MCGSA, please visit www.mcgsa.com.

MCGSA is a non-profit 501 (c) organization. Please retain your cleared check and the attached sponsorship form for your tax provider

Murphey Candler Softball SPONSORSHIP AGREEMENT
