

# SportsEngine Help (App)

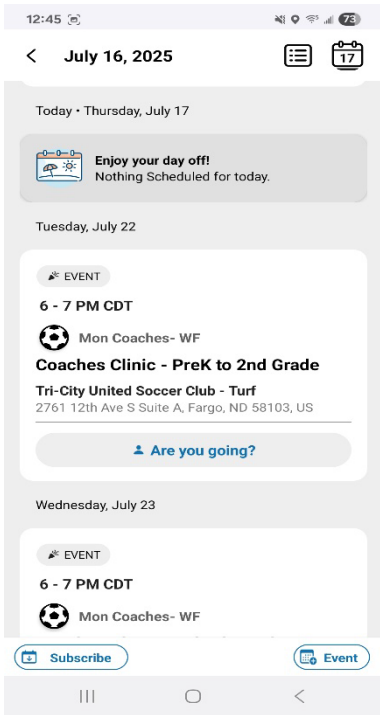

## View and Select Your Team

When you open the app, it will default to the Home view where you will see the list of teams you are rostered to. Simply click on the team name to view that team.

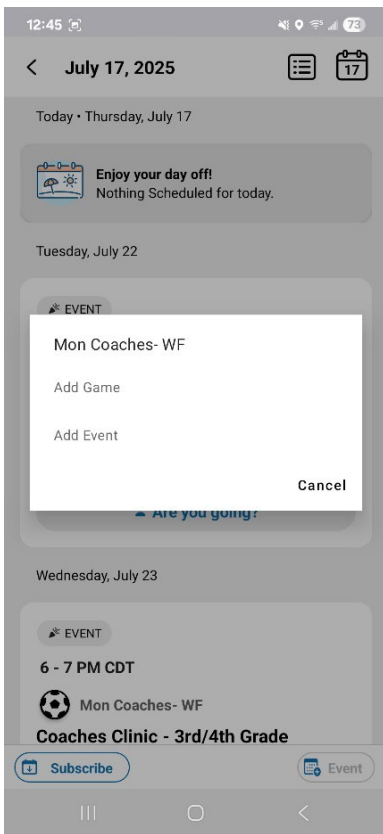

## Team View

1. **Schedule:** Click to view games and events
2. **Roster:** Click to view the team roster
3. **Chat:** Click to chat with team's players/coaches
4. **Messages:** Click to view SportsEngine communications from TCU and send emails to your team
5. **Standings/Stats:** We will not use these options for this program.

## Schedule

- View Games scheduled by TCU
- RSVP and Receive RSVP's from team
- Event button in bottom right corner will enable you to add your practices

## How to Add Practices

Once you have clicked on the event button above, you will see this pop up. Here is where you can add your practice details including date, time, location, and field number. Please add your practices in as an events, not games.

1. Click event button mentioned above
  2. Click "Add Event"
  3. Toggle "Notify Team" on
  4. Enter event name (Practice)
  5. Add start and end time
  6. Add location
- \*Tip: You can click on "Does not repeat" and set this event to repeat every week
