

IAHA High School Participants,

We have spent the off season trying to better understand what structure and format would best serve teams with respect to a High School league and State tournament experience. So with out further ado here is the format we are seeking for teams wanting to qualify for the end of season State HS tournament.

1. High School team must declare participation in the League by the end of September. Please notify Joel Griffith, Commissioner of HS League, as well as Sarah Benson via email. joel_griffith@hotmail.com or sbenson@haileyice.org
2. Once declared it will be the responsibility of the team to get qualifying games scheduled. As in the past please notify local tournaments of your participation and involvement in league play so as to request as many games aligned with teams that are also participating in the league. Teams will required to participate in a total of 10 games this 2025-2026 season. Teams may play the same Team twice in a season, both games will qualify for League play.
***10 Games, No more than 2 games against the same opponent will qualify towards the 10 game total.**
3. Scoresheets from League games need to be submitted to the Commissioner the following week, no later than Thursday following weekend play. Additionally please CC Sarah Benson when submitting scoresheets.

In closing, League records will be maintained by the Commissioner and subsequently the Committee will use the recorded information to assess the seeding heading into the State tournament. Thank you for your time in this matter.

Please do not hesitate to contact me directly regarding an inquiry or assistance you may have or need. 928-607-4251.

Best Regards, Joel Griffith
