Project Narrative:

The College Park Athletic Booster Club (CPABC) is requesting approval to sponsor the replacement of the existing scoreboard at the baseball field. The scoreboard in the attached proposal will fit on the existing posts and will be financed entirely by CPABC, including installation and removal if M&O is not able to assist during the fall when the project is expected to be completed. Vendor estimates a 6 week completion timeline from approval to start date. See attached map of school site showing the location of the existing scoreboard. The district worked with us to approve the replacement of our softball scoreboard a little over a year ago, and we request approval of this project for our baseball program. Thank you for your consideration.
