UIC Report

We had Steve Blaha come to talk with the board about umpires and umpire training. They are asking for AJBO help to get communications out to those that are interested in becoming umpires. Umpire age requirement is 13/14 years or older, no prior training necessary. They would train umpires and would be paid per game.

They are planning to raise umpire rates for seniors by \$5. Senior level games would have 2 umpires. Seniors would be now a rate of \$75, Juniors/Minors a rate of \$60, Senior National 1 man crew a rate of \$95.

Bi laws

As a board we were reminded to look over our bi laws of our positions, duties and requirements that we serve on the board. We are reminded of the attendance requirements. In a given year board members are to attend 75% of the meetings in most positions, which requires you to not miss more than 3 meetings in a year. Failing to meet these requirements could result in being removed from your current position on the board.

Fundraising

Talks of extending the packet Mariners raffle to end May 10th during the tournament and announcing the winner on May 12th. We had a discussion on why it would or would not be a good idea to extend the raffle deadline. Ultimately we decided that it would be a good idea to extend the raffle date to give all team families enough time to enter the raffle and raise money, if we left the date at opening day the instructional families would only have less than 2 weeks to get the packets and raise. Also this gives us more opportunities to sell raffle tickets at opening day and during tournaments as well.

~Motion made to change the date of the raffle to May 10th and announce the winner on May 12th made by Jason seconded by Alex

~Vote and motion approved
