**Tuesday, November 23, 2025 @ 4:00 PM**  
**Google Meet**

**Board/Staff in attendance:** Jackie Ressler, Tyler Richter, Nick Thompson, Dustin Hollevoet, Adam Dever, Jason Coffey, Mikayla Jablonski-Jahner

**Call to Order**

**1. Agenda Items**

- a. Meeting called to discuss suspension of Board member Jason Coffey.
  - i. Due to a confrontation with a member/coach of the figure skating club the evening of 11/21/25, at Schaumberg Arena, as well as follow up events regarding perceived rough play during a Squirt game the same night, that violated the Organization's 24-hour Rule, suspension of Board Member Coffey was suggested by multiple Board members, necessitating this meeting.
  - ii. Board Member Coffey was allowed the opportunity to present his position and his side of the story. During his presentation of his position, Coffey noted that while he agreed that his actions could have been tempered and were out of line, he was concerned by the interaction between the figure skating coach and the players on his son's team, and with player safety during his son's Squirt game.
  - iii. Thompson made note that Organization staff and officials who have many years of experience should be trusted regarding their judgement about what age-appropriate physicality and contact looks like.
  - iv. Richter noted that he took the time to watch the entire game in question and had roughly one page of game play notes. He noted that while the game was a physical one, he did not see anything out of the ordinary about the play as far as over-aggressiveness or dirty play, in fact, he said he appreciated the speed and physicality of the play, noting that this is the level of play that needs to be worked toward for players to continue their path toward successful careers in the future.
  - v. Motion by Richter to suspend Board Member Coffey. 2nd by Thompson. Motion passed unanimously.

**2. Adjourn**
